# Introduction

OhioHealth is a nationally recognized, not-for-profit, healthcare outreach of the United Methodist Church. Based in Columbus, Ohio, OhioHealth has been serving its communities since 1891. OhioHealth is a family of 35,000 associates, physicians and volunteers. OhioHealth is a system of 12 hospitals and more than 200 ambulatory sites, hospice, home health, medical equipment and other health services spanning a 47-county area. OhioHealth entities are connected by a shared mission “to improve the health of those we serve.” With core values of compassion, excellence, stewardship, integrity and inclusion, OhioHealth is committed to delivering quality, convenient, timely healthcare, regardless of ability to pay. OhioHealth is a nationally recognized, not-for-profit, system of faith-based hospitals and healthcare organizations serving 47 Ohio counties. All OhioHealth entities are connected by (a) a mission to “improve the health of those we serve,” (b) core values of compassion, excellence, stewardship, integrity and inclusion, and a (c) commitment to deliver high quality, convenient and timely healthcare regardless of ability to pay. OhioHealth was in the top 20 list of companies in the PEOPLE Companies that Care® 2020, which highlights the top United States companies that succeeded in business while demonstrating outstanding respect, care and concern for their employees, communities and environment during the COVID-19 pandemic. In 2020, four OhioHealth hospitals, namely, Riverside Methodist Hospital, Grant Medical Center, Doctors Hospital and Dublin Methodist Hospital were named a 2020 LGBTQ Healthcare Equality Top Performer based on the 2020 Healthcare Equality Index (HEI) administered by the Human Rights Campaign (HRC). In 2020, OhioHealth was recognized as Great Place to Work – Certified™ based from the Great Place to Work® Trust Index™ survey.

OhioHealth member hospitals are located in seven Ohio counties:

- **Athens County** — OhioHealth O’Bleness Hospital
- **Delaware County** — OhioHealth Grady Memorial Hospital
- **Franklin County** — OhioHealth Riverside Methodist Hospital, OhioHealth Grant Medical Center, OhioHealth Doctors Hospital, OhioHealth Dublin Methodist Hospital, OhioHealth Grove City Methodist Hospital, OhioHealth Rehabilitation Hospital
- **Hardin County** — OhioHealth Hardin Memorial Hospital
- **Marion County** — OhioHealth Marion General Hospital
- **Pickaway County** — OhioHealth Berger Hospital
- **Richland County** — OhioHealth Mansfield Hospital, OhioHealth Shelby Hospital

FORTUNE Magazine has recognized OhioHealth as one of the “100 Best Companies to Work For” and has been for 14 years in a row: 2007–2019 and 2020 (Great Place to Work® Institute, n.d.). OhioHealth was also recognized as one of FORTUNE Magazine’s 100 Best Workplaces for Women and 100 Best Places to Work in Healthcare.

OhioHealth O’Bleness Hospital has served the changing healthcare needs in southeastern Ohio since 1921. For nearly 100 years, O’Bleness Hospital and its compassionate team of healthcare providers and support staff have provided top quality, holistic care to patients and families in their own local community. O’Bleness Hospital, located at 55 Hospital Drive, Athens, Ohio 45701, is a 132-bed hospital facility that offers adult medical and surgical care, an adult intensive care unit and labor and delivery. In 2018, OhioHealth O’Bleness Hospital opened a state-of-the-art intensive care unit (ICU) comprised of eight private rooms equipped with telemedicine capabilities (eICU) to connect with either OhioHealth Riverside Methodist Hospital or OhioHealth Grant Medical Center specialists, as well as continuous monitoring of patients from the ICU’s nursing station. O’Bleness Hospital has 167 medical staff and 47 advanced practice providers. The hospital offers various surgical procedures, treatment options, therapies and primary care services. Outpatient services include laboratory services, computed tomography (CT) scanning, mammography, magnetic resonance imaging (MRI), X-ray services, oncology and infusion services and a cardiac and pulmonary rehabilitation program. Additionally, O’Bleness Hospital is a clinical training site for Ohio University medical students.

In Fiscal Year 2020, OhioHealth as a system had 2.6 million outpatient visits, 541,349 emergency department visits, 162,754 admission and observations, 106,942 surgeries, 14,050 births, and 500 research studies. In Fiscal Year

2020, O’Bleness Hospital had 132 beds, 2,931 inpatient admissions, 7,285 inpatient days, 352 inpatient surgeries, 64,247 outpatient visits, 1,547 outpatient surgeries, 26,441 emergency department visits, and 1,955 observations.

O’Bleness Hospital has received various awards and recognitions related to its excellent patient care and use of advanced technology:

- (a) **Accreditation and Certification by The Joint Commission** — OhioHealth O’Bleness Hospital achieved “Top Performer on Key Quality Measures”. This accreditation was effective since 2018 (The Joint Commission, 2021)
- (b) **Accreditation by the American College of Surgeons Commission on Cancer®** — offers general surgery and medical oncology. This accreditation was effective since 2021 (The American College of Surgeons (1996-2021)
- (c) **Certified Member of MD Anderson Cancer Network®** — OhioHealth is the first health system in Ohio that is a certified member of MD Anderson Cancer Network®, advancing cancer care, research, education, screening and prevention (OhioHealth, 2015-2021). Patients benefit from the OhioHealth relationship with the MD Anderson Cancer Network, through: (a) OhioHealth oncologists are certified MD Anderson Cancer Network® physicians, (b) OhioHealth certified physicians participates in peer-to-peer consultations with MD Anderson specialists to discuss comprehensive treatment plans, (c) patients may receive consults and treatment at MD Anderson Cancer Center in Houston, Texas, and (d) ongoing review of care provided by OhioHealth cancer specialists to provide care that’s based on nationally recognized standards (OhioHealth, 2015-2021). OhioHealth O’Bleness Hospital became certified in 2021.
- (d) **American College of Radiology certification** —recognizes OhioHealth O’Bleness Hospital’s standards of compliance. This certification was effective since 2020 (American College of Radiology, n.d.).
- (e) **Leapfrog Hospital Safety Grade A** — signifies top notch quality, safety and transparency in health care services by preventing harm and medical errors. The safety Grade “A” was effective since 2020 (The Leapfrog Group 2021).
- (f) **Certification from the American Academy of Sleep Medicine** — achieved by the Sleep Disorders Center at Nelsonville, which is under OhioHealth O’Bleness Hospital. This certification was effective since 2017 (American Academy of Sleep Medicine, 2021).
- (g) **Certification from the College of American Pathologists** — achieved by the OhioHealth O’Bleness Hospital Core Laboratory. This was effective in 2020 (College of American Pathologists, 2021).

OhioHealth is dedicated to serving the communities it serves through its community benefit. In fiscal year 2020, OhioHealth provided a total of \$479.1 million of Community Benefit, comprising \$122.2 million charity care, \$284.5 million net cost of Medicaid programs, \$63.9 million net cost of medical education, \$2.2 million subsidized health services, \$4.6 million community health services, \$1.5 million cash and in-kind contributions, and \$0.2 million research.

The Patient Protection and Affordable Care Act of 2010 requires not-for-profit hospitals to conduct a community health needs assessment (CHNA) once every three years (Internal Revenue Service, 2021). O’Bleness Hospital collaborated with the Athens City County Health Department and various community stakeholders to identify significant community health needs in Athens County and prioritize those significant health needs. OhioHealth O’Bleness Hospital contracted with Ohio University Voinovich School of Leadership and Public Service to facilitate three meetings: (a) May 26, 2021 — group discussion of significant health needs in Athens County; (b) June 16, 2021 — prioritization of significant health needs in Athens County; and (c) July 15, 2021 — discussion on alignment with Ohio’s 2020-2022 State Health Improvement Plan.

OhioHealth O'Bleness Hospital partnered with OhioHealth Community Health Partnerships and Ohio University's Voinovich School of Leadership and Public Affairs in conducting the community stakeholder meetings that identified the significant community health needs affecting Athens County, prioritize these needs, and identify which significant health needs align with Ohio's 2020-2022 State Health Improvement Plan. The community stakeholder meetings were held on May 26, 2021, June 16, 2021, and July 15, 2021, 10:00 – 11:00 AM by Zoom.

The significant health needs that were identified include the following:

- (1) **Mental health and addiction** — including increasing behavioral health care services
- (2) **Access to care** — including outreach to individuals who may need care
- (3) **Chronic disease** — including improving food access

O'Bleness Hospital has developed the Fiscal Year 2023–2025 Implementation Strategy to meet community health needs in Athens County in collaboration with the Athens City-County Health Department and other community stakeholders to demonstrate our continuing commitment to play an active and effective role in the Athens County community by fulfilling our mission 'to improve the health of those we serve.' Moreover, OhioHealth O'Bleness' Implementation Strategy will include actions and strategies that align with Ohio's 2020–2022 State Health Improvement Plan (Ohio Department of Health, 2020).

# A. Definition of the Community Served by the Hospital Facility and How the Community Served Was Determined

## A1. Hospital Location and ZIP Codes of Communities Served

OhioHealth O'Bleness Hospital is located at 55 Hospital Drive, Athens, Ohio 45701. The OhioHealth Nelsonville Health Center, located at 11 John Lloyd Evans Memorial Drive, Nelsonville, Ohio, Athens County, offers multiple onsite services from urgent care and primary care physicians to imaging, laboratory and sleep services. In addition, O'Bleness Hospital operates two satellite facilities: (a) OhioHealth Castrop Health Center, located at 75 Hospital Drive, Athens, Ohio 45701, Athens County, provides work health services and (b) OhioHealth Homecare in Athens, located at 444 Union Street, Athens, Ohio 45701, Athens County, provides home health and hospice services. The community served by O'Bleness Hospital is Athens County, Ohio as determined by the percentage of patients served residing in Athens County. The communities reside in ZIP codes 43728, 45701, 45710, 45711, 45716, 45717, 45719, 45723, 45732, 45735, 45739, 45740, 45742, 45761, 45764, 45766, 45776, 45777, 45778, 45780 and 45782 (Datasheer, L.L.C., 2003-2021).

## A2. Percentage of Patients Served from Athens County, Ohio

	Fiscal Year 2019	Fiscal Year 2020
Inpatients	71%	69%
Outpatient (excluding observation)	73%	73%
Emergency Department	73%	73%
Observation	75%	76%

## B. Community Demographics

### B1. Total population

In 2020, the population of Athens County was 66,720. (Ohio Department of Development, n.d.).

### B2. Race and Ethnicity

In 2020, among Athens County residents, 90.6% were White, 2.9% were African American, 2.7% were Asian, 1.9% were Hispanic (of any race), 0.4% were other races, 0.5% were Native American, and 2.7% identified as two or more races (Ohio Department of Development, n.d.). Minorities represented 10.5% of the total population (Ohio Department of Development, n.d.).

### B3. Age

In 2020, among Athens County residents, 4% of the population were younger than 5-years-old, 10.9% were ages 5–17, 29.6% were ages 18–24, 22.2% were ages 25–44, 21.3% were ages 45–64, and 12.1% were 65 years or older. The median age was 28.9 (Ohio Development of Development, n.d.).

### B4. Income

In 2020, the median household income in Athens County was \$37,778 and per capita income was \$33,274. Approximately 17.4% of families and 30.6% of individuals had income below the poverty level (Ohio Development of Development, n.d.).

## C. Existing Healthcare Facilities and Resources within the Community Available to Respond to the Community’s Health Needs

### C – 1. Healthcare facilities and community resources that address mental health and addiction, including (a) increasing behavioral health care services, (b) training to serve individuals with behavioral health concerns, (c) increased mental health care services, and (d) isolation among the elderly.

#### C – 1.1. OhioHealth O’Bleness Hospital

**C – 1.1.1. Behavioral and mental health care** — OhioHealth provides inpatient and outpatient services for patients and families with mental and behavioral challenges. Patients and families have access to electroconvulsive therapy (ECT), psychiatric emergency services, inpatient consultation, liaison services, transcranial magnetic stimulation therapy (TMS) and a partial hospitalization program (PHP). Additionally, OhioHealth O’Bleness Hospital provides patients with safety assessments, emergency care, hospital care, education and referral to community agencies or inpatient psychiatric hospitals. O’Bleness Hospital partners with Hopewell Health Center to provide on-site mental and behavioral health counseling and education services. Substance abuse patients are referred to Hopewell Health Center, Health Recovery Services and other partner agencies of the Alcohol, Drug Addiction and Mental Health Services serving Athens, Hocking and Vinton counties (OhioHealth, 2015-2021).

**C – 1.1.2. Emergency and trauma care** — OhioHealth’s 13 emergency care locations and three trauma centers in central Ohio and the surrounding area – with the assistance of experienced physicians and specialists – provide advanced emergency and trauma care. Physicians and other healthcare providers have access to OhioHealth system resources (OhioHealth, 2015-2021).

**C – 1.1.3. OhioHealth UpBEAT** — OhioHealth O’Bleness Hospital employs a coordinator to teach, facilitate, and lead various UpBEAT (**B**eing **E**ngaged and **A**ctive **T**ogether) programs such as (a) “**Food for Thought**”, where the participants attend various speakerships on special topics of interest; (b) “**Book Club**”, where participants suggest a book to read and discuss; (c) “**Lunch Group**”, where participants attend luncheons at selected locations to promote socialization and learning; (d) “**Chair Exercise Classes**”, where participants undergo physical activity; (e) “**Chronic Pain Self-Management**” where participants learn various evidence-based tools to manage their chronic pain; (f) “**OhioHealth Delay the Disease**” a program to promote movement and agility for persons with Parkinson’s Disease; and (g) monthly newsletters that features special health and wellness topics and overview of forthcoming activities and events.

**C – 1.1.4. OhioHealth O’Bleness Hospital clinical rotations for psychology, nursing, medical, and allied health students** — OhioHealth provides various health profession students opportunities to care for and learn from patients with mental health and/or substance use disorders.

**C – 1.2. OhioHealth Nelsonville Health Center** — The OhioHealth Nelsonville Medical and Emergency Services Outpatient Department in Nelsonville, Ohio, also include offices for Health Recovery Services, Inc., which enables integration among primary care and mental and behavioral health services. Addiction and mental health counseling are provided to adults who are struggling with behavior-related issues associated with drug, alcohol, and mental health problems (OhioHealth 2015-2021).

**C – 1.3. OhioHealth Physician Group Behavioral Health Integration Clinics** — Patients from these primary care clinics have access to licensed behavioral health providers who provide evidence-based therapies (cognitive-behavioral therapies and solution-focused therapies). Depending on patient's needs, the behavioral health provider may refer patients to social workers, psychologists, and psychiatrists for further psychosocial assessments and community referrals.

**C – 1.3.1. OhioHealth Primary Care Physicians Heritage College** — located at 26 Hospital Drive, Athens, Ohio 45701 (Athens County)

**C – 1.3.2. OhioHealth Primary Care Physicians Nelsonville** — located at John Lloyd Evans Memorial Drive, Suite 2000, Nelsonville, Ohio 45764 (Athens County)

**C – 1.3.3. OhioHealth Primary Care Physicians Racine** — located at 207 Fifth Street, Racine, Ohio 45771 (Meigs County)

**C – 1.3.4. OhioHealth Primary Care Physicians Glouster** — located at 5 Cardaras Drive, Glouster, Ohio 45732 (Athens County)

**C – 1.4. Athens-Hocking-Vinton Alcohol, Drug Addiction and Mental Health Services Board (317 Board)** – Designs policies, evaluate programs, obtains funding and monitors contracted services for persons who need alcohol, drug addiction or mental health services from Athens, Hocking and Vinton counties (317 Board, 2016-2021). The 317 Board pays for services not reimbursed by Medicaid or their health insurance. The 317 Board partners with community stakeholders to promote prevention, treatment and recovery for individuals and families affected by mental health and substance use disorders counties (317 Board, 2016-2021).

**C – 1.4.1. Mental health and substance use disorder treatment** — The 317 Board's community partners provide at least one of the following services, namely mental health services, addiction services for youth and adults, medication-assisted treatment, opiate addiction rapid access program, education advocacy, support. The 317 Board partners with (a) Hopewell Health Centers, (b) Health Recovery Services, (c) NAMI Athens, (d) TASC of Southeast Ohio (Treatment Alternatives to Street Crime), (d) Rural Women's Recovery Program, and (e) Bassett House.

**C – 1.4.2. Recovery homes for substance use disorders** — The 317 Board partners with (a) John W. Clem Recovery House, (b) Briggs House, (c) Mike's Bridge Recovery House, (d) Serenity Grove Women's Recovery House, (e) Our House Recovery House, and (f) Groundwork Residences. The 317 Board also leads various community coalitions to foster collaborations in addressing mental health and addiction.

**C – 1.4.3. Domestic Violence Shelter** — The 317 Board partners with (a) My Sister's Place.

**C – 1.4.4. Mental Health Peer Support Programs** — The 317 Board partners with (a) Athens Photographic Project, (b) The Gathering Place,

**C – 1.4.5. Services for seniors** — The 317 Board partners with (a) Scenic Hills Senior Center, and (b) Vinton County Senior Citizens

**C – 1.4.6. Services for youth** — The 317 Board partners with (a) The Hive, and (b) Sojourners Youth Resiliency Center

**C – 1.4.7. Mental Health Peer Support Programs** — The 317 Board partners with (a) Athens Photographic Project, (b) the Gathering Place, (c) Home Away from Home, and (d) New Beginnings

**C – 1.4.8. Community Coalitions** — The 317 Board leads or coordinate community initiatives such as (a) Athens County Suicide Prevention Coalition, (b) Athens HOPE (Hocking Overdose Partnership Endeavor), and (c) Vinton County Prevention and Recovery Coalition.

**C – 1.5. Athens County Children Services** – Works with families involved in juvenile court to identify and provide aid to the underlying issues of abuse and neglect, like substance abuse and mental illness, to help unite

families. The Athens County Children Services provides (a) intake, (b) alternative response, (c) family support services, (d) school outreach, and (e) family support, adoption, and training (Athens County Children Services, 2021).

**C – 1.6. Athens County Prosecutor** – Functions include (a) working with law enforcement agencies to convict people who are guilty of crimes, (b) serve as legal counsel for County and Township offices; (c) advocate for victims of crime and their families; (d) pursue evidence that may exonerate an innocent person; and (e) promote safety of Athens County. The Athens County Prosecutor offers the Fresh Start program, which addresses the needs of Athens County residents dealing with addiction. Fresh Start promotes and enhances successful community programs such as (a) day treatment programs in collaboration with Health Recovery Services and (b) scholarships for admission to John W. Clem Recovery House (Athens County Prosecutor, 2021).

**C – 1.7. Health Recovery Services, Inc.** – Provides counseling and support for children and adults needing alcohol, tobacco, drug, and gambling addiction services as well as mental health treatment. Health Recovery Services, Inc. offers outpatient programs, residential treatment programs, medication-assisted treatment, and community outreach and prevention services to Athens County. Examples of community services include (a) Drug-Free Workplace, (b) prevention workshops or assemblies focused on alcohol and other drugs, (c) nicotine intervention program, (d) Teen Institute positive peer prevention program, (e) women’s outreach, (f) gambling education and treatment, (g) Substance Abuse Assessment for Municipal Court offenses, (h) life skills training, and (i) professional prevention training (Health Recovery Services, 2017).

**C – 2. Healthcare facilities and community resources that address access to care including (a) outreach to individuals who may need care, (b) provision or education on transportation resources, (c) increase community trust in health providers, (d) training and strengthening use of telehealth technology among healthcare providers, and (e) increase COVID-19 vaccine access.**

### **C2.1. OhioHealth and OhioHealth O’Bleness Hospital**

**C2.1.1. OhioHealth O’Bleness Hospital** — located at 55 Hospital Drive, Athens, Ohio 45701. Services include (but not limited to):

- (a) **Cancer care** — OhioHealth is a certified member of MD Anderson Cancer Care Network®. Patients have access to nationally recognized cancer care protocols and best practices, while receiving care from your local OhioHealth cancer physician who is certified by MD Anderson Cancer Network.

- (e) **Emergency and trauma** — OhioHealth provide immediate, expert treatment for severe and life-threatening conditions.
- (f) **Foot and ankle** — OhioHealth treat various bone, joint and muscle conditions to relieve pain. Examples of interventions include (a) ankle and foot strapping, (b) orthotics, (c) braces, (d) diabetic shoes, (e) shockwave therapy, (f) platelet-rich plasma, (g) ultrasound-guided injections, (h) wound grafts, and (ii) ankle surgeries.
- (g) **Gastroenterology and endoscopy** — OhioHealth offer comprehensive diagnostic and therapeutic services for gastrointestinal and biliary disorders.

- (h) **Home infusion** — OhioHealth provides specialty medications and infusion therapies at patient's home. Pharmacists and support staff are available 24/7 to provide remote support and answer questions.
- (i) **Imaging and radiology** — OhioHealth provides imaging and radiology services such as, but not limited to: (a) bone density scan, (b) computed tomography (CT) scan, (c) fluoroscopy, (d) interventional radiology, (e) digital mammography, (f) breast biopsy, (g) magnetic resonance imaging (MRI), (h) nuclear medicine, (i) vascular ultrasound, (j) ultrasound, and (k) x-ray.
- (j) **Laboratory services** — OhioHealth provides immediate testing with no appointments necessary
- (k) **Maternity services** — access to birthing centers, Maternal Fetal Medicine specialists, and neonatal intensive care units (NICUs). OhioHealth provides breastfeeding support and maternity classes.
- (l) **Surgery** — OhioHealth offers inpatient and outpatient surgeries as well as minimally invasive robotic surgeries.
- (m) **Community outreach** — OhioHealth provides (a) screening and health education for breast cancer, lung cancer, and skin cancer, (b) blood pressure and glucose screening, and (c) health education related to healthy aging, nutrition, physical activity, management and stress, and social support network.

**C2.1.2. OhioHealth outpatient clinics** —The clinics and services provided include the following:

- (a) Nelsonville Health Center** — located at 11 John Lloyd Evans Memorial Drive Suite 100, Nelsonville, Ohio 45764. This outpatient health center offers access to diagnostics, computed tomography (CT) scans, magnetic resonance imaging (MRI), anticoagulation monitoring, sleep laboratory and ultrasound.
- (b) OhioHealth Campus Care Urgent Care at Ohio University** — located at 2 Health Center Drive, Athens, Ohio 45701. This outpatient clinic offers urgent care and radiology services.
- (c) OhioHealth Campus Care at Ohio University Primary Care** — located at 2 Health Center Drive, Athens, Ohio 45701. This outpatient clinic offers primary care services.
- (d) OhioHealth Employer Services O'Bleness Hospital** — located at 75 Hospital Drive, Athens, Ohio 45701. This clinic offers primary care services.
- (e) OhioHealth Heart and Vascular Physicians** — located at (a) 1960 Mount Saint Mary's Drive, Nelsonville, Ohio 45764, (b) 65 Hospital Drive, Athens, Ohio 45701, and (c) 11 John Lloyd Evans Memorial Drive, Nelsonville, Ohio 45764. These clinics offer heart and vascular services.
- (f) OhioHealth Hospice and Palliative Medicine and OhioHealth Home Health Services** — located at 444 W. Union St., Suite C, Athens, Ohio 45701. This outpatient facility offers hospice and palliative medicine and home health services.
- (g) OhioHealth Physician Group Radiation Oncology** — located at 75 Hospital Drive, Athens, Ohio 45701. This clinic offers radiation treatments for cancer patients.
- (h) OhioHealth Physician Group Ear, Nose and Throat** — located at 75 Hospital Drive, Suite 360, Athens, Ohio 45701. This clinic offers ear, nose, and throat services.
- (i) OhioHealth Physician Group Neuroscience** — located at (a) 65 Hospital Drive, Athens, Ohio 45701, and (b) 11 John Lloyd Evans Memorial Drive, Nelsonville, Ohio 45764. This clinic offers neurology and neurological services.
- (j) OhioHealth Orthopedic Surgeons** — located at 11 John Lloyd Evans Memorial Drive, Nelsonville, Ohio 45764. This clinic offers outpatient visits related to orthopedic surgery.
- (k) OhioHealth Physician Group Orthopedics and Sports Medicine** — located at 75 Hospital Drive, Athens, Ohio 45701. This clinic offers sports medicine services.
- (l) OhioHealth Maternal-Fetal Medicine Physicians** — located at 75 Hospital Drive, Athens, Ohio 45701. This clinic offers maternal-fetal medicine services.
- (m) OhioHealth Physician Group Obstetrics and Gynecology** — located in 75 Hospital Drive, Athens, Ohio 45701. This clinic offers obstetrics and gynecology and other women's health services.

(n) **OhioHealth Urgent Care** — located in 265 West Union Street Suite A, Athens, Ohio 45701 (**OhioHealth Urgent Care Athens**) and at 11 John Lloyd Evans Memorial Drive, Nelsonville, Ohio 45764 (**OhioHealth Urgent Care Nelsonville**). This urgent care clinic provides services such as (but not limited to): (a) rash, (b) cold symptoms, (c) asymptomatic COVID-19 concerns, (d) fever, (e) pink eye, (f) new or acute back pain, (g) burning, frequent, or urgent urination, (h) skin infections, and (i) cellulitis.

**C2.2. Ohio University College of Health Sciences and Professions** — provides leadership in various community-based programs and initiatives such as, but not limited to:

**C2.2.1. Ohio Alliance for Innovation in Population Health** — a multidisciplinary workgroup that involves Ohio’s universities, hospital associations, healthcare providers and public health professionals, with an objective to address mental health, substance use, maternal and infant health, and chronic diseases (Ohio University, 2021).

**C2.2.2. Athens HOPE (Halting Opioid Abuse through Prevention)** — a multidisciplinary workgroup that educates children, college students and parents about opioid addiction and encourage treatment by reducing stigma. The workgroup also creates education and awareness flyers on opioid abuse and available community resources (Ohio University, 2021).

**C2.2.3. WellWorks** — offers fitness programs, wellness services, nutrition education and personal training (Ohio University, 2021).

**C2.2.4. High School Athletic Training Outreach** — licensed athletic trainers in southeast Ohio high schools, especially in medically underserved areas (Ohio University, 2021).

**C2.2.5. Nelsonville Parade of the Hills Community Festival Health Fair** — Ohio University’s School of Nursing students provide health education on body mass index (BMI), and screening for blood pressure, and blood glucose (Ohio University, 2021).

**C2.3. Ohio University Heritage College of Osteopathic Medicine** —

**C2.3.1. Family Navigator Services** — includes programs such as “Pathways to a Healthy Pregnancy”, “Baby & Me Tobacco Free”, “Cribs for Kids”

**C2.3.2. Childhood Immunization Program** — provides immunization for children such as polio, rubella, and whooping cough. Children ages 0-19 years of age can receive free immunization through the Vaccines for Children program.

**C2.3.3. Healthy Adult Program** — includes screenings for blood pressure, blood sugar, total cholesterol, and lipid profile for adults.

**C2.3.4. Women’s health screenings** — serves uninsured and underinsured women by providing clinical breast exams, breast health education, mammogram appointments, free mammograms for eligible patients according to the guidelines of the Breast and Cervical Cancer Projects of Southeast Ohio.

**C2.3.5. Free Monthly Diabetes Care** — provides care to uninsured and underinsured adults ages 18-64 through free blood tests, foot exams, eye screenings, and health education.

**C2.3.6. Heritage College of Osteopathic Medicine Mobile Community Clinic** — Two, 40-ft mobile clinics travel to 24 Ohio counties, providing clinics at churches, community centers, worksites, schools, and other community locations. Services include (a) free primary care clinics who are uninsured or underinsured, (b) free women’s health screening clinics, (c) immunization clinics for adults and children, (d) free blood pressure, glucose and cholesterol check screening, and (e) school bus driver physicals for public schools.

### C3. Healthcare Facilities and Community Resources Addressing Chronic Disease, Including Improving Food Access

**C3.1 OhioHealth O'Bleness Hospital** — offers various services and programs that treat and/or manage chronic conditions such as, but not limited to:

**C3.1.1. Programs and services for diabetes prevention, detection, and management** — OhioHealth O'Bleness Hospital collaborates with the Ohio University Heritage College of Osteopathic Medicine in offering a comprehensive diabetes program that is certified by the Association of Diabetes Care and Education Specialists. The program includes (a) diagnostic screenings, (b) screenings for blood glucose, blood pressure and body mass index, and (c) foot exams (OhioHealth 2015-2021).

**C3.1.2. Programs and services for cardiovascular disease prevention** — OhioHealth offers lifestyle programs that include (a) fitness, (b) nutrition counseling, (c) tobacco cessation, (d) weight management, (e) stress management, (f) health risk management, and (g) clinical prevention through services of the anticoagulation clinic, and (h) lipid clinic (OhioHealth 2015-2021).

**C3.1.3. Programs and services for neurological conditions** — provides care for multiple sclerosis, epilepsy, movement disorders, and stroke. Services include (a) diagnostics/tests, (b) spine care, (c) neurology, (d) behavioral health, (e) neuropsychology, (e) neurosurgery, and (f) neurocritical care (OhioHealth 2015-2021).

**C3.1.4. Free meal trays or Grab and Go options for visitors and Emergency Department patients** — The OhioHealth O'Bleness Hospital offers free meal trays and “Grab and Go” options for visitors and Emergency Department patients. Free food is served to at least 30 persons per day.

**C3.1.5. Collaborations with HAPCAP to address food insecurity** —

- (a) **Nutrition prescriptions** — OhioHealth O'Bleness Hospital has expanded its collaborations with HAPCAP related to eligible patients being able to fill “nutrition prescriptions” from physicians at the Southeast Ohio Food Bank or at various food pantries partnering with HAPCAP. The OhioHealth Physician Group Family Practice Residency Clinic will provide health education, engagement, and “nutrition prescriptions”.
- (b) **Collaborations with the Southeast Ohio Food Bank** — OhioHealth O'Bleness Hospital distributes shelf-stable, three-day emergency food boxes that are distributed to patients of the Obstetrics and Gynecology Department, Emergency Department, and Hospice and Homecare.
- (c) **Free Emergency Food Boxes from Department of Obstetrics and Gynecology** — OhioHealth O'Bleness Hospital collaborates with HAPCAP in providing shelf-stable foods to adult and pediatric patients who reports food insecurity.

**C3.1.6. Collaborations with Community Food Initiatives** —

- (a) **Produce bundles for Department of Neurology patients** — The OhioHealth Physician Group Heritage College collaborates with Community Food Initiatives in providing fresh produce to at least five patients per week.
- (b) **OhioHealth cash sponsorships to Community Food Initiatives** — The OhioHealth O'Bleness Hospital provides annual cash sponsorships to Community Good Initiatives projects such as (but not limited to) school gardens, Discovery Kitchen, Veggie Van.
- (c) **Collaborations with Rural Action and Chesterhill Produce Auction** — OhioHealth O'Bleness hosts a “Farm Stand” at the hospital cafeteria from May to November 2021. The fresh produce are sold at cost to associates, visitors and patients.
- (d) **Collaborations with Athens Food Rescue** — OhioHealth O'Bleness Hospital Nutrition Services donates surplus food Athens Food Rescue, which distributes food to communities in need.

**C3.1.7. Collaborations with Live Healthy Appalachia** — OhioHealth O'Bleness Hospital partners with Live healthy Appalachia and the People's Bank Foundation in providing access for healthcare providers in southeast Ohio to the nine-week Complete Health Improvement Plan to promote resilience and overall health and wellness.

**C3.2. Community Food Initiatives** — implements programs such as, but not limited to, (a) "Local Food Access for All", (b) empower gardeners and leaders through community gardens, (c) "Grow-Learn-Discover" through school gardens, (d) "Educate and engage" through gardening and culinary workshops, (e) "Sowing and Sharing" through seed and plant giveaways, (f) Donation Station (food and money) and Discovery Kitchen, (g) Veggie Van, and (h) Community Gardens (Athens Eastside, Athens Southside, Chauncey, Nelsonville, Glouster) (Community Food Initiatives, 2021).

**C3.3. Hocking Athens Perry Community Action (HAPCAP)** — implements community programs such as: (a) food and nutrition, (b) community development, (c) housing, (d) transportation, (e) child development, (e) assistance with utilities, and (f) employment programs (HAPCAP, 2021). HAPCAP's community programs related to food and nutrition include:

**C3.3.1. Southeast Ohio Foodbank and Southeast Ohio Regional Kitchen** – The Foodbank operationalizes the collection and distribution of government-funded, donated and purchased food to food pantries, hot meal sites, homeless shelters, and other programs that address food insecurity. The Regional Kitchen serves food to seniors and children, repackages bulk items of the Foodbank, and food catering services.

**C3.3.2. Supplemental Nutrition Assistance (SNAP) Outreach Program (Food Stamps)** – enables recipients to buy food for their household such as breads, cereals, vegetables, meat, fish, poultry and dairy products

**C3.3.3. Summer Food Service Program** – provides children up to 18 years of age or persons age 19-21 who is mentally or physically disabled, with nutritious meals and snacks

**C3.3.4. Summer Farmers Market** – provides fresh produce and protein sources to children who participates in summer weekend meals or summer rural delivery meals program

**C3.3.5. Food Distribution to Food Pantries** – collaborates with (a) Athens Catholic Community Food Pantry, (b) Athens County Food Pantry, (c) Nelsonville Food Cupboard, Incorporated, (d) Salvation Army, (e) Monday Lunch Soup Kitchen, (f) Federal Valley Resource Center Food Pantry, (g) Basic Needs Ministry, (h) Feed My Sheep Food Pantry, (i) Greater Works Outreach Worship Center, (j) Lutheran Social Services Mobile Pantry, and (k) Torch UMC (Feed My Sheep).

**C3.3.6. The Commodity Supplemental Food Program (CSFP)** – Provides food boxes once a month to income-eligible residents who are nutritionally at-risk. Food items include cereal, grits, powdered milk, pasta, evaporated milk, cheese, rice, canned meat or poultry, peanut butter, canned fruit, canned vegetables, fruit juice, dry beans and oats (Hocking Athens Perry Community Action, n.d.).

**C3.3.7. Backpack Program** – Distributes food to school children during summer months.

**C3.3.8 Senior Nutrition Programs** – Includes Meals-on-Wheels (food for home-bound residents and their pets), and food delivery to congregate meal sites, such as (a) The Three Star Dining Center (Athens County), (b) Senior Center in Athens (Athens County) and (c) The Scenic Hills Senior Center (Hocking County).

**C3.4. Athens County Food Pantry** – Partners with local food pantries such as Alexander Presbyterian Church, Amesville New England Cooperative Parish, Athens First Christian Church, Athens First United Methodist Church, Athens First Presbyterian Church, Athens Friends Meeting, Christ Lutheran Church, Church of the Good Shepherd and Unitarian Universalist Fellowship of Athens (Athens County Food Pantry, 2018).

## D. How Data was Obtained

**D1.** The definition of the community served by OhioHealth O'Bleness Hospital was based on the percentage of patients who resided in Athens County during fiscal year 2019 and 2020, based on electronic medical records. See **Section A**.

**D2.** The demographic data of Athens County's population was obtained from the Ohio Development Services Agency (Ohio Department of Development, n.d.). See **Section B**.

**D3.** Pertinent health data from Ohio's 2019 State Health Assessment was summarized (Ohio Department of Health, n.d.). See **Appendix A**.

**D4.** Pertinent health data from the Ohio Department of Health's 2019 State Health Assessment, Athens County cancer profile (Ohio Department of Health, n.d.) and County Health Rankings (2021). See **Appendix B**.

No information gaps that would limit the ability to assess the community's health needs were identified.

## E. Significant Health Needs of the Community

OhioHealth O'Bleness Hospital contracted with Ohio University's Voinovich School of Leadership and Public Affairs in holding and facilitating three virtual meetings by Zoom:

**E – 1. May 26, 2021, 10:00 – 11:00 AM by Zoom** — Identification of significant community health needs in Athens County based on a summary of health and health-related conditions found in the community, demographic data, and experience in serving persons, families and communities in Athens County. Forty participants attended the meeting. Significant health needs identified were mental health and addiction, access to care, and chronic disease,

**E – 2. June 16, 2021, 10:00 – 11:00 AM by Zoom** — Prioritization of significant community health needs in Athens County that were identified from the May 26, 2021 meeting. Forty-six participants attended the meeting. Forty-six

**E – 2.1. First polling to prioritize significant health needs** — From the list of priority health outcomes considered for each significant health need that were identified from the May 26, 2021 Zoom meeting, the facilitator from Ohio University Voinovich School, Margaret Hutzler, instructed the participants to select the following: (a) three priority health outcomes under **mental health and addiction**, (b) three priority health outcomes under **access to care**, (c) two priority health outcomes under **chronic disease** and (c) two community health needs from “**other needs**”. The following criteria was used in prioritizing the health needs: (a) magnitude of the health problem (“how large is the problem”); (b) seriousness of the consequences of the health problem; and (c) feasibility of correcting the problem (Association of State and Territorial Health Officials (2021). The voting results are tabulated below.

Significant Health Needs	Priority Health Outcome	Number of Votes
Mental Health and Addiction	Increase behavioral health care services	26
Mental Health and Addiction	Increased mental health care services	24
Mental Health and Addiction	Training to serve individuals with behavioral health concerns	24
Mental Health and Addiction	Isolation among the elderly	10
Access to Care	Outreach to individuals who may need care	27
Access to Care	Provide or educate on transportation resources	25
Access to Care	Increase community trust in health providers	20
Access to Care	Training and strengthening providers use of technology for telehealth	13
Access to Care	Increase COVID vaccine access	5
Chronic Disease	Improve food access	24
Chronic Disease	Education on a healthy diet and food preparation	14
Chronic Disease	Education on healthy activities, exercise to improve health and chronic diseases	0
<b>Other Needs Considered</b>		
Other Needs	Healthcare workforce development	23
Other Needs	Care for menopausal versus reproductive age women	17

Other Needs	Education on male health milestones	7
-------------	-------------------------------------	---

**E– 2.2. Second polling to prioritize significant health needs** — The community stakeholders agreed to carry out a second polling to prioritize the three significant health needs and identify the priority health outcomes that OhioHealth O’Bleness Hospital will address. The community stakeholders identified eight priority health outcomes for the second polling. The facilitator from Ohio University, Margaret Hutzell, requested the participants to identify their top three priority health outcomes, thus prioritizing the significant health needs accordingly. The table below shows the number of votes, the top three priority ranks, and the alignment with the State Health Improvement Plan (SHIP).

Significant Health Need	Priority Health Outcome	Number of Votes	Priority Rank	Alignment with the State Health Improvement Plan (SHIP)
Mental Health and Addiction	Increase behavioral health services	22	1 <sup>st</sup>	Yes
Mental Health and Addiction	Increase mental health care services	10		
Mental Health and Addiction	Training to service individuals with behavioral health concerns	7		
Access to Care	Outreach to individuals who may need care	15	2 <sup>nd</sup>	Yes
Access to Care	Provide or educate on transportation resources	9		
Chronic Disease	Improve food access	14	3 <sup>rd</sup>	Yes
Chronic Disease	Educate on a healthy diet and food preparations	3		
<b>Other Needs</b>				
Other Needs	Healthcare workforce development	10		

**E3. July 15, 2021, 10:00 – 11:00 AM by Zoom** — OhioHealth alignment with the State Health Improvement Plan (SHIP). Thirty-four participants attended the Zoom meeting. Following guidance from Ohio University’s Margaret Hutzell, and Dr. Mary Ann G. Abiado, Data Management and Evaluation Specialist from Identification of OhioHealth O’Bleness Hospital’s alignment with SHIP where the hospital will collaborate with the Athens City-County Health Department and other community partners in addressing the priority health outcomes and priority factors that were identified by the Ohio Department of Health on behalf of the State of Ohio. According to the 2020-2022 SHIP, the priority health outcomes in the State of Ohio include (a) mental health and addiction, (b) chronic disease, and (c) maternal and infant health. The State of Ohio’s priority factors include (a) community conditions, (b) access to care, and (c) health behaviors (Ohio Department of Health, 2020). The participants unanimously voted that the OhioHealth O’Bleness Hospital will align with the SHIP on mental health and addiction and chronic disease as priority health outcomes and access to care as a priority factor. The table above shows the detail on SHIP alignment.

## F. Primary, Chronic Disease and Other Health Needs of Uninsured, Low-Income and Minority Populations

The primary and chronic disease needs and other health issues of uninsured, low-income and minority populations and the latest data for each need are summarized in Appendices A and B.

## G. Process for Identifying and Prioritizing Community Health Needs

**G – 1. Community Health Needs Assessment Meeting Invitation (May 10, 2021)** — Rhonda Dixon, MBA BSN RN, NE-BC, Chief Nursing Officer, OhioHealth O’Bleness Hospital sent calendar invites for May 26, 2021, June 16, 2021, and July 15, 2021, 10-11 AM, by Webex to at least 80 community stakeholders serving Athens County on three virtual meetings by Zoom. Rhonda Dixon explained in the email invitation that during these three virtual meetings, OhioHealth O’Bleness Hospital will seek community inputs in order to (a) determine the significant health needs in Athens County, (b) prioritize the significant health needs, and (c) determine the alignment of OhioHealth O’Bleness Hospital with the State Health Improvement Plan (SHIP) in addressing priority health outcomes and priority factors in Ohio. The priority health outcomes that were identified in the 2019 State Health Assessment include mental health and addiction, chronic disease, and maternal and infant health. The priority factors that were identified in the 2019 State Health Assessment include community conditions, health behaviors and access to care (Ohio Department of Health, 2020).

### **G – 2. Identification of Community Health Needs in Athens County (May 26, 2021)** —

**G – 2.1. Discussion of key data findings** — Mary Ann G. Abiado, PhD, MSN, RN discussed the key findings from the OhioHealth Summary of Health and Health-Related Needs in Athens County (See Appendix B).

**G – 2.2. Group discussions and breakout groups** — Margaret Hutzel (assisted by Mackenzie Kucharsky) from Ohio University Voinovich School of Leadership and Public Affairs led the group facilitation and break-out sessions. Using the Zoom virtual platform, Mackenzie Kucharsky divided the participants into four breakout groups with 9-10 participants each. Each break-out group discussed the health needs in Athens County. Each breakout group had an assigned notetaker who reported a summary of key discussion topics when the large group was reconvened. The Zoom meeting was recorded, transcribed and analyzed thematically. Cale Burke, intern at Ohio University Voinovich School of Leadership and Public Affairs, wrote a summary of the group reports and “Chat Notes” from Zoom, and created a master list of health needs. The written report by Cale Burke for the May 26, 2021 community stakeholder meeting was reviewed and approved by Margaret Hutzel and Mackenzie Kucharsky and submitted to OhioHealth O’Bleness Hospital. A succinct summary of findings from the May 26, 2021 meeting is provided below.

#### **G – 2.2.1. Summary of health needs considered from break-out group 1** —

- Connectivity across health and social services to increase awareness
- COVID-19 vaccines and barriers to getting vaccines to people who want it.
- Substance use disorder
- Mental health
- Social isolation and lack of broad band access among the elderly
- Improve capacity for resilience

#### **G – 2.2.2. Summary of health needs considered from break-out group 2** —

- Social determinants
- Access to health care
- Behavioral health
- Transition of community and health care providers after the COVID-19 pandemic
- Telehealth access
- Access to healthy food choices, food shopping, and food preparations
- Poverty

**G – 2.2.3. Summary of health needs considered from break-out group 3 —**

- Social determinants of health such as poverty, race, food access, personnel and workforce development in health care and social services
- Prevention and access
- Trust in family and personal networks more than service providers

**G – 2.2.4. Summary of health needs considered from break-out group 4 —**

- Social determinants of health such as poverty and need to focus on short-term instead of long-term needs
- Chronic disease
- Substance use disorder
- High rates of opioid overdose cases in the O’Bleness Emergency Department
- Navigating resources
- Access to technology

**G – 2.2.5. Summary of other health needs considered from the Chat Notes —**

- Health milestones and guidelines need to be communicated including preventative care such as annual mammograms
- Education on how to approach health beginning in middle school or earlier would help future adults and parents
- Vaccination in all age groups
- Male healthy milestones
- Menopausal care versus reproductive age care

The various health needs considered were grouped into themes to identify the three significant health needs of the community to be mental health and addiction, access to care, and Chronic disease. Criteria used to identify significant health needs include consideration of health and health-related conditions found in the community, demographic data, and experience in serving persons, families and communities in Athens County. Forty participants attended the meeting.

**G – 3. Prioritization of significant community health needs (June 16, 2021)** — The Ohio University Voinovich School of Leadership and Public Affairs representatives led by Margaret Hutzel discussed their approach of grouping various significant health needs into themes, mental health and addiction, access to care, chronic disease, and other needs.

**G – 3.1. First round of voting** — Margaret Hutzel from Ohio University asked the participants to vote via Zoom polling on their top three priorities under mental health and addiction and access to care, and top two priorities under chronic disease, and other needs. There were more selections of community health needs under mental health and addiction and access to care compared to chronic disease and other needs. The following criteria was used in prioritizing the health needs: (a) magnitude of the health problem (“how large is the problem”); (b) seriousness of the consequences of the health problem; and (c) feasibility of correcting the problem (Association of State and Territorial Health Officials (2021).

**G – 3.1.1. Count of votes for priority health outcomes under mental health and addiction** — Based on the top three votes, the community stakeholders assessed that under mental health and addiction, the health needs to focus include (a) increasing behavioral health care services, (b) increasing mental health care services, and (c) training to serve individuals with behavioral health concerns.

Priority Health Outcomes	Votes
Increase behavioral health care services	26
Increase mental health care services	24
Training to serve individuals with behavioral health concerns	24
Isolation among the elderly	10

**G – 3.1.2. Count of votes for priority health outcomes under access to care** — Based on the top three votes, the community stakeholders assessed that under access to care, the health needs to focus include (a)

outreach to individuals who may need care, (b) provide or educate on transportation resources, and (c) increase community trust in health care providers.

Priority Health Outcomes	Votes
Outreach to individuals who may need care	27
Provide or educate on transportation resources	25
Increase community trust in health care providers	20
Training/strengthening providers’ use of technology for telehealth	13
Increase COVID-19 vaccine access	5

**G – 3.1.3. Count of votes for priority health outcomes under chronic disease** — Based on the top two votes, the community stakeholders assessed that under chronic disease, the health needs to focus on include (a) improve food access, and (b) education on healthy activities/exercise to improve health and chronic disease.

Priority Health Outcomes	Votes
Improve food access	24
Education on healthy activities/exercise to improve health and chronic disease	18
Education on a healthy diet and food preparation	14

**G – 3.1.4. Count of votes for “other needs”** — The community stakeholders assessed that under “other needs”, the health needs to focus on healthcare workforce development.

Priority Health Outcomes	Votes
Health care workforce development	23
Care for menopausal- versus reproductive- age women	17
Education on male health milestones	7

**G – 3.2. Second round of voting** — In order to prioritize the significant health needs, Margaret Hutzel from Ohio University asked the participants to vote on their top three choices among the priority health outcomes that garnered the top two highest votes for mental health and addiction, access to care, chronic disease, and “other needs”. The total votes for each health need are shown below. Based on the number of votes, the significant health needs were prioritized as (1) mental health and addition – increase behavioral health care services, (2) access to care – outreach to individuals who may need care, and (3) chronic disease – improve food access.

The community stakeholders agreed that OhioHealth O’Bleness Hospital will address the top three significant health needs and related priority health outcomes (highlighted in yellow) during its Fiscal Year 2023-2025 Implementation Strategy.

Significant Health Need	Priority Health Outcome	Votes
Mental health and addiction	Increase behavioral health care services	22
Access to care	Outreach to individuals who may need care	15
Chronic disease	Improve food access	14
<b>Other Needs Considered</b>		
Other needs	Healthcare workforce development	10
Mental health and addiction	Increase mental health care services	10
Access to care	Provide or educate on transportation resources	9
Mental health and addiction	Training to service individuals with behavioral health concerns	7

**G – 4. Alignment with the State Health Improvement Plan (SHIP) (July 15, 2021)** — The community stakeholders approved unanimously that OhioHealth O'Bleness Hospital will align with the SHIP on mental health and addiction and chronic disease as priority health outcomes and access to care as a priority health factor.

## H. Process for Consulting with Persons Representing the Community's Interests and Input Provided

Appendix C lists all the community stakeholders who were participated in the OhioHealth O'Bleness Hospital Community Health Needs Assessment meetings that were held on May 26, 2021, June 16, 2021, and July 15, 2021, 10:00 – 11:00 AM, by Webex.

All required sources for community input participated in the O'Bleness Hospital Community Health Needs Assessment meetings.

No written comments on the previous Community Health Needs Assessment and related Implementation Strategy were received.

# I. Impact of Actions Taken to Address the Significant Health Needs Identified in the Hospital Facility's 2019 Community Health Needs Assessment (CHNA)

**Appendix D** summarizes the impact of OhioHealth O'Bleness Hospital programs that addressed the significant health needs in the 2019 board-approved community health needs assessment and related implementation strategy.

## J. Organizations Contracted to Assist with Conducting the Community Health Needs Assessment (CHNA)

**J1. Bricker & Eckler LLP/INCompliance Consulting (Chris Kenney, Jim Flynn)** — located at 100 South Third Street, Columbus, Ohio 43215. Bricker & Eckler LLP was contracted to review this community health needs assessment report. Jim Flynn is a partner with the Bricker & Eckler healthcare group, where he has practiced for 31 years. His general healthcare practice focuses on health planning matters, certificates of need, nonprofit and tax-exempt healthcare providers, and federal and state regulatory issues. Mr. Flynn has provided consultation to healthcare providers, including nonprofit and tax-exempt healthcare providers as well as public hospitals, on community health needs assessments. Chris Kenney is the Director of Regulatory Services with INCompliance Consulting, an affiliate of Bricker & Eckler L.L.P. Ms. Kenney has more than 42 years of experience in healthcare planning and policy development, federal and state regulations, certificate of need regulations, and Medicare and Medicaid certification. She has conducted CHNAs in compliance with federal rules since 2012, provided expert testimony on community needs, and offered presentations and educational sessions regarding CHNAs.

**J2. Ohio University Voinovich School of Leadership and Public Service** — located at Ohio University, Building 21, The Ridges, 1 Ohio University, Athens, OH 45701 – 2979. The Voinovich School is a leading public service schools, fosters partnerships in the public and private sector to address community needs and problems, foster economic development and protect the environment. OhioHealth O’Bleness consulted with Margaret Hutzel (Senior Project Manager), Cale Burke (Intern), and Mackenzie Kucharsky (Special Projects Coordinator) in facilitating the three community virtual meetings on May 26, 2021, June 16, 2021, and July 15, 2021, 10-11 AM by Zoom. In collaboration with OhioHealth Community Health Partnerships and OhioHealth O’Bleness Hospital, Margaret Hutzel facilitated the community discussions of significant health needs, prioritization of needs, and alignment with the State Health Improvement Plan (SHIP). Mackenzie Kucharsky coordinated the Zoom meeting, break-out groups, polling, and documentation of attendance. Cale Burke documented the process and procedures of the three virtual community meetings. The Ohio University Voinovich School team provided OhioHealth and OhioHealth O’Bleness Hospital written reports of attendance and meeting outcomes on significant health needs, prioritization and alignment with the SHIP.

# Appendix A. Summary of Data and Information from the Ohio 2019 State Health Assessment

## Appendix A – 1. Summary of Data and Information from the State Health Assessment, Ohio 2019 (Health Policy Institute of Ohio and Ohio Department of Health, 2019)

**Appendix A – 1.1.** Ohioans' overall wellbeing declined. Premature death, life expectancy and overall health worsened. The leading causes of premature death in 2017 were unintentional injuries (including drug overdose), cancer and heart disease. Ohio's life expectancy dropped from 77.6 years in 2010 to 76.5 years in 2017. Increase in infant deaths, blood pressure, late-stage cancer diagnosis was observed. Black or African Americans life expectancy in 2017 was 72.8 years compared to 77 among Whites.

**Appendix A – 1.2.** Ohioans' lack opportunities to reach full health potential. Ohioans who are black or African American, with low income, with disabilities or live in Appalachian counties have worse health outcomes compared to overall Ohio population.

**Appendix A – 1.3.** Health promotion activities need to be addressed. Interventions need to focus on the following: (i) physical activity, (ii) tobacco use, (iii) access to dental care, (iv) access to mental health, (v) income disparities, (vi) unemployment, (vii) adverse childhood experiences (ACEs), (viii) access to transportation, (ix) lead poisoning and (x) racism.

**Appendix A– 1.4.** Ohio's significant health challenges continue to be mental health and addiction, chronic disease, and maternal and infant health. Ohio's performance worsened or did not improve. Cross-cutting factors include poverty, lack of access to transportation, lack of physical activity, unhealthy eating, and lack of access to care.

**Appendix A – 1.5.** Ohio's addiction crisis increased prevalence of hepatitis and number of children in foster care.

**Appendix A – 1.6.** Multi-sector collaboration is important to improve health. Approximately 80 percent of modifiable factors that can improve health are related to health behaviors (healthy eating and tobacco cessation) and social determinants of health (housing, transportation, education, employment). Poverty, racism, discrimination, trauma, violence, and toxic stress lead to health disparities.

**Appendix A – 2. State of Ohio's Progress on 2017-2019 State Health Improvement Plan Outcomes related to Overall Health**

<b>Desired Outcome</b>	<b>Indicator</b>	<b>Baseline (2015)</b>	<b>Current Year (2017)</b>
Improve overall health status	% of adults with fair or poor health	16.5%	18.9%
	<u>Worst outcome</u> – Low-income adults (less than \$15,000 annual household income)	38.6%	45.1%
Reduce premature death	Years of potential life lost before age 75, per 100,000 population (age-adjusted)	7,876.1	8,774.5
	<u>Worst outcome</u> – Black (non-Hispanic)	10,850.5	12,599

**Appendix A – 3. State of Ohio's Progress on 2017-2019 State Health Improvement Plan Outcomes related to Mental Health and Addiction**

<b>Desired Outcome</b>	<b>Indicator</b>	<b>Baseline (2013-2014)</b>	<b>2015-2016</b>
Reduce depression (%)	% of persons 12-17 years with a major depressive episode in the past year	10.33%	13.98%
	% persons ages 18+ with a major depressive episode in the past year	7.33%	7.85%
<b>Desired Outcome</b>	<b>Indicator</b>	<b>Baseline (2013-2014)</b>	<b>2015-2016</b>
Reduce drug dependence or abuse (%)	% persons age 12+ who has illicit drug dependence or abuse in the past year	2.76%	2.61%
<b>Desired Outcome</b>	<b>Indicator</b>	<b>Baseline (2015)</b>	<b>2015-2016</b>
Reduce suicide deaths (Number of deaths per 100,000 population)	Number of suicide deaths per 100,000 population	13.9	14.8
	<i>Males ages 10-24</i>	15.9	18.5
	<i>Males ages 25-44</i>	28.5	33.6
	<i>White (non-Hispanic) males ages 45-64</i>	34	32.1
	<i>White (non-Hispanic) males ages 65+</i>	32.2	33
<b>Desired Outcome</b>	<b>Indicator</b>	<b>Baseline (2015)</b>	<b>2015-2016</b>
Reduce unintentional drug overdose death (Number of deaths per 100,000 population)	Number of deaths due to unintentional drug overdoses per 100,000 population	27.7	44.1
	<i>White (non-Hispanic) males ages 25-44</i>	87.1	136.7
	<i>White (non-Hispanic) males ages 45-64</i>	43.5	72.4
	<i>White (non-Hispanic) females ages 25-54</i>	39.7	59.9
	<i>Black (non-Hispanic) males ages 25-54</i>	50.9	99
	<i>Black (non-Hispanic) males 55-64</i>	74.7	137.8

**Appendix A – 4. State of Ohio's Progress on 2017-2019 State Health Improvement Plan Outcomes related to Chronic Disease**

Desired Outcome	Indicator	Baseline (2015)	2017
Reduce heart disease (%)	% of adults ever diagnosed with coronary heart disease	4.2%	4.7%
	% of adults ever diagnosed with heart attack	4.9%	5.5%
Reduce hypertension (%)	% of adults ever diagnosed with hypertension	34.3%	34.7%
	<i>Black or African American (non-Hispanic)</i>	40.3%	40%
	<i>People with a disability</i>	53.1%	No data
	<i>People with less than high school diploma</i>	40.7%	48.9%
	<i>People with less than \$15,000 annual household income</i>	35.7%	46.6%
	<i>People older than 65 years</i>	62.2%	60%
	<i>People who live in Appalachian counties</i>	39.7%	No data
Reduce diabetes (%)	% of adults who have been told by a health professional that they have diabetes	11%	11.3%
	<i>Black or African American (non-Hispanic)</i>	14.1%	14.2%
	<i>People with a disability</i>	21.8%	No data
	<i>People with less than high school diploma</i>	13.6%	15.8%
	<i>People with less than \$15,000 annual household income</i>	13.7%	19.4%
	<i>People older than 65 years</i>	23.4%	22.8%
	<i>People who live in Appalachian counties</i>	12.3%	No data
Monitor prediabetes (%)	% of adults who have been told by a health professional that they have prediabetes	7.5%	8.8%
Reduce child asthma morbidity (Emergency department visits per 10,000 children)	Emergency department visits for pediatric asthma, per 10,000 children, ages 0-17 (does not include patients with cystic fibrosis or respiratory system abnormalities or transfers)	86.9	72.3
	<i>Black or African American</i>	245.6	175.9
	<i>Appalachian counties</i>	78.2	No data

**Appendix A – 5. State of Ohio's Progress on 2017-2019 State Health Improvement Plan Outcomes related to Maternal and Infant Health**

Desired Outcome	Indicator	Baseline (2015)	Current Year (2017)
Reduce preterm births (%)	% of live births that are preterm, less than 37 weeks gestation	10.3%	10.4%
	<i>Black, non-Hispanic</i>	14.1%	14.3%
	<i>People with less than high school diploma</i>	11.5%	11.7%
	<i>Less than 18 years old</i>	10.7%	10.7%
Reduce very preterm births (%)	% of births which the newborn weighed less than 32 weeks	1.7%	1.8%
Reduce low birth-weight births (%)	% of births in which the newborn weighed less than 2,500 grams	8.5%	8.7%
	<i>Black, non-Hispanic</i>	13.9%	14.3%
	<i>People with less than high school diploma</i>	10.8%	11.3%
	<i>Less than 18 years old</i>	10.2%	10.8%
Reduce infant mortality	Rate of infant deaths per 1,000 live births	7.2	7.2
	<i>Black, Non-Hispanic</i>	15.2	15.8
Reduce neonatal infant deaths	Rate of neonatal infant deaths per 1,000 live births	4.8	5
Reduce post-neonatal infant deaths	Rate of post-neonatal infant deaths per 1,000 live births	2.4	2.2

## Appendix B. Summary of Health-Related Data and information for Athens County, Ohio

**Appendix B – 1. Summary of Top 15 Leading Causes of Death, Athens County versus Ohio (2019 Online State Health Assessment) (Ohio Department of Health, n.d.; Centers for Disease Control and Prevention, National Center for Health Statistics, n.d.)**

Leading Causes of Death	Data Years	Athens County	Ohio	U.S.
Cancer (age-adjusted mortality rate due to cancer, per 100,000 population)	2014	194.8	177.6	—
	2015	173.7	175	158.5
	2016	161.8	173.1	155.8
	2017	169.7	171.3	152.5
Heart Disease (age-adjusted mortality rate due to heart disease, per 100,000 population)	2014	180.2	185.9	—
	2015	187.5	191.4	168.5
	2016	170.4	184.6	165.5
	2017	159.2	186.1	165
Chronic Lower Respiratory Diseases (age-adjusted mortality rate due to chronic lower respiratory diseases, per 100,000 population)	2014	49.9	47.1	—
	2015	76	49.5	41.6
	2016	55.8	47.4	40.6
	2017	59	48.4	40.9
Stroke (age-adjusted mortality rate due to stroke, per 100,000 population)	2014	52.1	39.9	—
	2015	32.1	40.6	37.6
	2016	37.4	40.5	37.3
	2017	36.9	42.9	37.6
Unintentional Injuries (age-adjusted mortality rate due to unintentional injuries, per 100,000 population)	2014	64.9	50.6	—
	2015	63.3	55.8	43.2
	2016	44.5	66.5	47.4
	2017	32.5	75.1	49.4
Diabetes Mellitus (age-adjusted mortality rate due to Diabetes Mellitus, per 100,000 population)	2014	25.5	25.6	—
	2015	19.7	25.2	21.3
	2016	32.4	24.5	21
	2017	27.9	25.2	21.5
Kidney Disease and other Kidney-Related Disorders (age-adjusted mortality rate due to nephritis, nephrotic syndrome, and nephrosis, per 100,000 population)	2014	15.8	14	—
	2015	8.9	14.5	13.4
	2016	12.6	15.3	13.1
	2017	27	15	13
Alzheimer's Disease (age-adjusted mortality rate due to Alzheimer's Disease, per 100,000 population)	2014	22.7	27.6	—
	2015	35.6	31.1	29.4
	2016	17.6	33.3	30.3
	2017	24.3	33.6	31

**Continuation of Appendix B – 1. Summary of Top 15 Leading Causes of Death, Athens County versus Ohio (2019 Online State Health Assessment) (Ohio Department of Health, n.d.; Centers for Disease Control and Prevention, National Center for Health Statistics, n.d.)**

<b>Leading Causes of Death</b>	<b>Data Years</b>	<b>Athens County</b>	<b>Ohio</b>	<b>U.S.</b>
Influenza and Pneumonia (age-adjusted mortality rate due to Influenza and Pneumonia, per 100,000 population)	2014	21.3	16.8	—
	2015	21.3	16.6	15.2
	2016	22.5	15	13.5
	2017	22.2	14.9	14.3
Chronic liver disease and cirrhosis (age-adjusted mortality rate due to chronic liver disease and cirrhosis, per 100,000 population)	2014	13.6	10.4	—
	2015	8.5	10.7	—
	2016	12.6	10.9	—
	2017	17.6	11.2	10.9
Suicide (age-adjusted mortality rate due to suicide, per 100,000 population)	2014	—	12.5	—
	2015	14.3	13.9	13.3
	2016	15.6	14.1	13.5
	2017	11.1	14.8	14
Pneumonitis due to solids and liquids	2014	—	5.6	—
	2015	—	5.9	—
	2016	—	6.2	—
	2017	8.7	5.7	5.1
Essential Hypertension (Primary) and Hypertensive Renal Disease	2014	—	9.3	—
	2015	—	9.5	—
	2016	9.1	9.2	—
	2017	8.1	9.1	9
Parkinson's Disease (age-adjusted mortality rate due to Parkinson's Disease, per 100,000 population)	2014	—	7.8	—
	2015	—	8	—
	2016	—	8.6	—
	2017	—	8.7	8.4
Septicemia (age-adjusted mortality rate due to septicemia, per 100,000 population)	2014	14.2	12.1	—
	2015	9.9	13.6	—
	2016	17.8	13.7	—
	2017	—	14	10.6

**Appendix B – 2. Summary of Top 15 Leading Causes of Death in 2017, Athens County, Ohio, and United States, By Race/Ethnicity (2019 Online State Health Assessment) (Ohio Department of Health, n.d.; Centers for Disease Control and Prevention, National Center for Health Statistics, n.d.)**

Leading Causes of Death	Athens County (Age-Adjusted Mortality Rate per 100,000 Population)		Ohio (Age-Adjusted Mortality Rate per 100,000 Population)		U.S. (Age-Adjusted Mortality Rate per 100,000 Population)

**Appendix B – 3. Race Breakdown Data related to Athens County Health Outcomes, Health Behaviors, Clinical Care and Social and Economic Factors (County Health Rankings, 2021)**

Data Measure	Race/Ethnicity	Athens County	Ohio
<b>Percent of low birthweight</b> (percent of live births with low birthweight (<2,500 grams))	Total population	9%	9%
	American Indian and Alaska Native	—	10%
	Asian	—	9%
	African American	—	14%
	Hispanic	—	8%
	White	—	7%
<b>Infant mortality rate</b> (Number of all infant deaths until age 1 per 1,000 live births)	Total population	8 per 1,000	7 per 1,000
	American Indian and Alaska Native	—	—
	Asian	—	4 per 1,000
	African American	—	15 per 1,000
	Hispanic	—	6 per 1,000
	White	—	6 per 1,000
<b>Life expectancy</b> (average number of years a person can expect to live)	Total population	78 years	77 years
	American Indian and Alaska Native	—	100.3 years
	Asian	90.3 years	88.2 years
	African American	79.6 years	73.5 years
	Hispanic	—	86 years
	White	77.6 years	77.2 years
<b>Premature age-adjusted mortality</b> (Number of deaths among residents under age 75 per 100,000 population, age-adjusted)	Total population	379 per 100,000	407 per 100,000
	American Indian and Alaska Native	—	183 per 100,000
	Asian	—	137 per 100,000
	African American	—	572 per 100,000
	Hispanic	—	245 per 100,000
	White	—	395 per 100,000
<b>Teen birth rate</b> (Number of births per 1,000 female population ages 15-19)	Total population	8 per 1,000	22 per 1,000
	American Indian and Alaska Native	—	20 per 1,000
	Asian	—	6 per 1,000
	African American	—	40 per 1,000
	Hispanic	—	36 per 1,000
	White	—	18 per 1,000
<b>Preventable hospital stays</b> (Rate of hospital stays for ambulatory-care sensitive conditions per 100,000 Medicare enrollees)	Total population	3,824 per 100,000	4,901 per 100,000
	American Indian and Alaska Native	—	7,161 per 100,000
	Asian	—	2,557 per 100,000
	African American	5,426 per 100,000	7,182 per 100,000
	Hispanic	—	5,292 per 100,000
	White	3,779 per 100,000	4,708 per 100,000

## Continuation of Appendix B – 3. Race Breakdown Data related to Athens County Health Outcomes, Health Behaviors, Clinical Care and Social and Economic Factors (County Health Rankings, 2021)

Data Measure	Race/Ethnicity	Athens County	Ohio
<b>Mammography screening</b> (percent of female Medicare enrollees age 65-74 that received an annual mammography screening)	Total population	39%	43%
	American Indian and Alaska Native	—	29%
	Asian	—	39%
	African American	18%	43%
	Hispanic	—	37%
	White	39%	44%
<b>Drug overdose mortality rate</b> (Number of drug poisoning deaths per 100,000 population)	Total population	14 per 100,000	38 per 100,000
	American Indian and Alaska Native	—	26 per 100,000

  - + **Aquatic therapy** — helps people to recover from surgery, disorders of the bone, joint or muscle, and neurological and orthopedic injuries
  - + **Respite care** — offers 24-hour skilled nursing care to patients needing care in order to help caregivers recuperate and rest.
  - + **Palliative care** — provides comfort care and symptom management

# Appendix D. Documentation of Program Impacts from the Community Health Needs Assessment and Implementation Strategy Adopted in 2019 by OhioHealth O’Bleness Hospital

## Need #1: Mental Health and Addiction (MHA)

**MHA – 1. Partnership with the Athens City-County Health Department, 317 Board, Hopewell Health Center, Health Recovery Resources, Ohio University and other community organizations in sustaining a regional drug coalition. This action aligns with the Ohio 2017–2019 State Health Improvement Plan.**

### Impacts During Fiscal Year 2020 and 2021

**MHA – 1.1. OhioHealth Collaborations with the Athens City-County Health Department** — The OhioHealth O’Bleness Hospital Opioid Patient Navigator, Shari Blackwell, LPN, CDCA, provided health education during Harm Reduction Program activities hosted by the Athens City-County Health Department every Wednesday from 12:30 to 3:00 PM at 278 W. Union St, Athens, Ohio 45701. The Harm Reduction Program offers a syringe exchange up to 30 syringes, education, and training on naloxone administration to prevent overdose deaths, immunizations on hepatitis A and B immunizations, access to an opioid navigator and peer counseling services. The naloxone training discussed the following: (a) awareness of the signs and symptoms of drug overdose, (b) different types of overdose, (c) rescue breathing, (d) calling 9-1-1, and (v) administration of intranasal naloxone.

	<b>Fiscal Year 2020 (July 1, 2019 to March 11, 2020 only; due to COVID-19 pandemic)</b>	<b>Fiscal Year 2021</b>
Number of Harm Reduction Program clinics held	35 clinics	45 clinics
Number of persons served through the Harm Reduction Program	2,187 persons	3,398 persons
Number of syringes exchanged through the Harm Reduction Program	58,911 syringes	94,672 persons
Number of persons provided with naloxone kits at the Harm Reduction Clinic	419 persons	935 persons
Number of persons trained to administer naloxone	419 persons	935 persons

**MHA – 1.2. OhioHealth O'Bleness Hospital patient referral to community behavioral health agencies —**

The OhioHealth O'Bleness Hospital Opioid Patient Navigator, Shari Blackwell, LPN, CDCA, has fostered community partnerships with significant number of mental and behavioral health agencies in southeast and central Ohio.

	<b>Fiscal Year 2020</b>	<b>Fiscal Year 2021</b>
Total patients served	190 patients	206 patients
Total patients referred	28 patients	No activities due to COVID-19 pandemic.

**MHA – 1.3. OhioHealth O'Bleness Hospital collaboration with the Athens-Hocking-Vinton Drug Addiction and Mental Health Services Board (317 Board)** — The 317 Board provides a Network of Care that provides mental health and addiction services to residents of Athens, Hocking and Vinton Counties (317 Board, n.d.). The 317 Board assesses needs, contracts with local service providers, and evaluates outcomes and performance of partner organizations. The 317 Board pays for services that are not reimbursable by Ohio Medicaid, health insurance or those without health insurance. The 317 Board's partners include (but not limited to): (a) Hopewell Health Centers, (b) Health Recovery Services, (c) My Sister's Place, (d) The Gathering Place, (e) Mike's Bridge House, (f) Vinton County Senior Citizens, (g) Athens Photographic Project, (h) The John W. Clem Recovery House and Briggs House, (i) Southeast Ohio Regional Jail, (j) National Alliance on Mental Illness Athens, (k) Scenic Hills Senior Center, (l) TASC of Southeast Ohio, (m) Serenity Grove, (n) Integrated Services for Behavioral Health (Home Away from Home, New Beginnings, Ground Works Recovery Residences, (o) Family and Children First Councils, (p) Metropolitan Housing Authorities, (q) Tomcat Bridgebuilders, (r) Rural Action, (s) Athens County Prosecutor's Vivitrol Program, (t) Hocking Municipal Court Drug Court Program, (u) Vinton County Drug Courts, (v) Health departments, (w) Sheriff office, (x) Appalachian Behavioral Healthcare, and (y) Sojourners Care Network.

The OhioHealth O'Bleness Hospital Opioid Patient Navigator, Shari Blackwell, LPN, CDCA, actively participates in the meetings of the 317 Board and Athens HOPE. Athens HOPE (**H**elping **O**vercome substance use disorder through **P**revention and **E**ducation), is a community-wide task force led by Ohio University College of Health Sciences and Professions, OhioHealth O'Bleness Hospital and the Athens City-County Health Department. Athens HOPE's mission is "supporting education and advocacy to prevent substance misuse, in response to community needs."

START is an evidence-based model for child welfare services that uses a peer-led approach to service delivery, which is meant to improve outcomes for parents and children affected by child maltreatment and parental substance use disorders (Athens County Children Services, 2021)</li> </ul>
<b>Date</b> – May 19, 2021 <b>Host</b> – Athens HOPE <b>Meeting Type</b> – Online	<ul style="list-style-type: none"> <li>Discussed the integration of the Athens Opiate Taskforce and Athens HOPE.</li> <li>Planned for Fiscal Year 2022 activities such as Community Day of HOPE, and Recovery 360 Conference.</li> </ul>

As part of Athens HOPE, OhioHealth collaborates with the following: (a) Appalachian Center for Economic Networks, (b) Adult Parole Authority, (c) Alexander Local Schools, (d) Athens City-County Health Department, (e) Athens County Family and Children First Council, (f) Athens County Prosecutor's Office, (g) Athens County Public Libraries,

(h) Athens County Sheriff's Office, (i) Athens County Children Services, (j) Athens County Foundation, (k) Athens-Hocking-Vinton 317 Board, (l) City of Athens, (m) Appalachian Behavioral Healthcare, (n) Ohio University (College of health Sciences and Professions, Heritage College of Osteopathic Medicine, campus Involvement Center, Voinovich School of Leadership and Public Affairs, Southern Campus), (o) Federal Hocking Local Schools, (p) First Presbyterian Church-Nelsonville, (q) Health Recovery Services, (r) Integrated Services for Behavioral Health, (s) John Clem Recovery House, (t) Ohio House District 94, (u) Ohio Means Jobs, (v) Rural Action, and (w) Serenity Grove (Athens HOPE, 2021).

**MHA – 1.4. OhioHealth O'Bleness Hospital's Alignment with the State Health Improvement Plan (SHIP) related to mental health and addiction (County Health Rankings, 2021) —**

Measure	Description	Year	Athens County	Ohio
Poor or fair health	Percent of adults reporting fair or poor health (age-adjusted)	2018	21%	18%
Poor physical health days	Average number of physically unhealthy days reported in past 30 days (age-adjusted)	2018	4.8 days	4.1 days
Poor mental health days	Average number of mentally unhealthy days reported in past 30 days (age-adjusted)	2018	5.2 days	4.8 days
Frequent physical distress	Percentage of adults reporting 14 or more days of poor physical health per month (age-adjusted)	2018	15%	12%
Frequent mental distress	Percentage of adults reporting 14 or more days of poor mental health per month (age-adjusted)	2018	18%	16%
Alcohol-impaired driving deaths	Percentage of driving deaths with alcohol involvement	2015-2019	19%	32%
Drug overdose deaths	Number of drug poisoning deaths per 100,000 population	2017-2019	14 deaths per 100,000	38 deaths per 100,000
Mental health providers	Ratio of population to mental health providers	2020	190:1	380:1
Violent crime	Number of reported violent crime offenses per 100,000 population	2014, 2016	112 per 100,000	293 per 100,000
Suicides	Number of deaths due to suicide per 100,000 population (age-adjusted)	2015-2019	14 per 100,000	15 per 100,000
Firearm fatalities	Number of deaths due to firearms per 100,000 population	2015-2019	9 per 100,000	13 per 100,000
Juvenile arrests	Rate of delinquency cases per 1,000 juveniles	2018	23 per 1,000	38 per 1,000

**MHA – 2. Screening to identify Pain Management Clinic patients who are high risk for depression, anxiety or substance misuse and referral to Health Recovery Services counselors. The O'Bleness healthcare team will collaborate with Health Recovery Resources in preparing care plan for patients.**

#### Impacts During Fiscal Year 2020 and 2021

During Fiscal Years 2020 and 2021, the healthcare providers from the Pain Management Clinic assessed that there was no need to refer its patients to Health Recovery Services. None of the patients with depression anxiety or substance use disorders reported suicidal ideation.

	Fiscal Year 2020	Fiscal Year 2021
Count of Patients Served	675 patients	1,090 patients
Diagnosed with Depression	84 patients	2 patients
Diagnosed with Anxiety	69 patients	11 patients
Diagnosed with Substance Use	4 patients	3 patients

**MHA – 3. Collaborate with the Athens City-County Health Department and Hopewell Health Center in offering mental health consultations to pregnant women and caregivers with children ages 0–1 to promote (a) social and emotional development, (b) communication between parents and baby to help with brain development and (c) resilience among families. Refer patients to the Athens City-County Health Department's "Welcome Home Baby" program.**

#### Impacts During Fiscal Year 2020 and 2021

The Hopewell Health Centers provide early childhood programs in Athens County such as (a) Help Me Grow, and (b) early childhood mental health consultation. Through the "Help Me Grow" program, children up to age 3 have access to a free developmental evaluation. Hopewell Health Centers provide free service coordination and support to parents and children.

The table below shows the summary of data on patients served by the OhioHealth Physician Group Obstetrics and Gynecology with depression, anxiety, bipolar disorder and substance use disorders. The number of persons referred to Hopewell Health Centers is also indicated. The clinic is located at 75 Hospital Drive, Suite 260, Athens, Ohio 45701.

Measures	Fiscal Year 2020	Fiscal Year 2021
Patients Served	4,218 patients	8,192 patients
Patients diagnosed with depression	225 patients	746 patients
Patients diagnosed with anxiety	182 patients	446 patients
Patients diagnosed with bipolar disorder	211 patients	458 patients
Patients diagnosed with substance use disorder	156 patients	241 patients
Number of patients referred to Hopewell Health Centers	Total of 150 patients during Fiscal Year 2020 and 2021 combined	Total of 150 patients during Fiscal Year 2020 and 2021 combined

**MHA – 4. Offer chronic pain self-management to Athens County residents, a six-week program that serves patients and families suffering from chronic pain through stress reduction education, discussions with healthcare providers about pain and evidence-based exercises.**

**Impacts during Fiscal Year 2020 and 2021**

**MHA – 4.1. Chronic Pain Self-Management Program** — OhioHealth O’Bleness Hospital teaches the six weeks, evidence-based Chronic Pain Self-Management Program developed by the Self-Management Resource Center (Self-Management Resource Center, 2021). Participants create action plans every week, share experiences, and help each other with problem solving. The subjects taught include:

- (a) Development of skills to deal with frustration, fatigue, isolation, and poor sleep
- (b) Exercise to maintain and improve strength, endurance, and flexibility
- (c) Medication use
- (d) Effective communication with family, friends and health care providers
- (e) Healthy eating
- (f) Scheduling activity and rest
- (g) Learning about new treatments about chronic pain

**MHA – 4.2. OhioHealth Delay the Disease™** — an evidenced-based fitness program designed to optimize physical function and help delay the progression of symptoms associated with Parkinson’s disease. This wellness program is an important part of OhioHealth’s care continuum of neurologists and expert therapists working together to address the impairments associated with Parkinson’s disease (OhioHealth 2015-2021). The table below summarizes the Chronic Pain Self-Management and OhioHealth Delay the Disease™ and persons served during Fiscal Years 2020 and 2021.

<b>Program on Pain Management</b>	<b>Fiscal Year 2020</b>	<b>Fiscal Year 2021</b>
Chronic Pain Self-Management Program	<p><b>(a) September to October 2019</b> — cancelled due to low registration</p> <p><b>(b) March to June 2020</b> — cancelled due to the COVID-19 pandemic</p>	<p><b>(a) July to August 2020</b> — served 6 persons</p> <p><b>(b) September to November 2020</b> — served 4 persons</p> <p><b>(c) June to July 2021</b> — cancelled due to low registration</p>
OhioHealth Delay the Disease™	<p><b>(a) October 2019 to March 2020</b> — 23 persons attended 15 classes</p> <p><b>(b) March 2020 to June 2020</b> — cancelled due to the COVID-19 pandemic.</p>	<p><b>(a) July 2020 to October 2020</b> — cancelled due to the COVID-19 pandemic</p> <p><b>(b) November 2020 to June 2021</b> — 26 persons attended 26 classes</p>

**MHA –5. Continue to partner with the Athens City-County Health Department on harm reduction initiatives, including but not limited to naloxone (Narcan®) distribution and clean needle exchanges.**

#### Impacts During FY 2020 and 2021

The OhioHealth O'Bleness Hospital has partnered with the Athens City County Health Department in its Harm Reduction initiatives. The Athens City-County Health Department's Public Health Nursing Services implements a Harm Reduction Program, which is held every Wednesday from 12:30 PM to 3:00 PM at 278 W. Union St., Athens, Ohio 45701. The Health Department offers the following free services: (a) a one-for-one syringe exchange for up to 30 syringes, (b) naloxone distribution and training, (c) Hepatitis A and B immunizations, (d) access to the opioid navigator, and (e) peer counseling services (Athens City-County Health Department, 2019).

Through a grant from the Athens Foundation and Sisters Foundation, O'Bleness Hospital has a full-time opioid patient navigator, Shari Blackwell, LPN, CDCA, who meets with patients with substance use disorders and provide them with treatment resources in the community, education on addiction, stigma, and methods of pain management. The OhioHealth O'Bleness Hospital opioid navigator, Shari Blackwell, LPN, CDCA, participated in the Health Department's harm reduction initiatives during Fiscal Year 2020. The opioid navigator did not participate in Fiscal Year 2021 due to the COVID-19 pandemic.

The table below summarizes the number of persons served through the Needle Exchange Program of the Athens City County Health Department and the number of persons served by the OhioHealth O'Bleness Hospital's Opioid Patient Navigator as part of the onsite Needle Exchange Program.

	Fiscal Year 2020	Fiscal Year 2021
Number of persons served by the Athens City-County Health Department's Needle Exchange Program	1,820 persons for needle exchanges and substance abuse education	Sydney, please find out from the health department
Number of persons served by the OhioHealth O'Bleness Hospital's Opioid Patient Navigator by providing support, education, and community resources	38 persons	0 (due to the COVID-19 pandemic)

The table below summarizes the assessments, interventions and referrals for OhioHealth patients that were made by the OhioHealth O'Bleness Hospital's Opioid Patient Navigator, Shari Blackwell, LPN, CDCA.

Outcome	Fiscal Year 2020	Fiscal Year 2021
Patients with substance use disorders who were referred to the Opioid Patient Navigator/Licensed Professional Nurse	191 patients	206 patients
Patients who were served by the Opioid Patient Navigator/Licensed Professional Nurse	93 patients	88 patients
Patients who were counseled by the Opioid Patient Navigator/Licensed Professional Nurse. Counseling followed the program protocol	45 patients	15 patients
Patients who received appropriate treatment for pain management or Medication-Assisted Treatment (MAT)	53 patients	49 patients
Patients who received Medication-Assisted Treatment (MAT)	38 patients	37 patients
Patients who were referred to drug rehabilitation programs	93 patients	68 patients
Patients who followed through with referrals	53 patients	49 patients
Top three referrals made	<ul style="list-style-type: none"> <li>• Hopewell Health Centers</li> <li>• Integrated Services for Behavioral Health</li> <li>• Health Recovery Services</li> </ul>	<ul style="list-style-type: none"> <li>• Ohio Health Physician Group Addiction Medicine Physician, Christopher T. Meyer, DO</li> <li>• Health Recovery Services</li> <li>• Southwestern Recovery</li> </ul>

*Need #2: Poverty (P)***P –1. Offer medical student clinical rotations in O'Bleness inpatient and outpatient facilities****Impacts During Fiscal Year 2020 and 2021**

OhioHealth O'Bleness Hospital hosted medical student rotations from the Ohio University Heritage College of Osteopathic Medicine (OUHCOM). OUHCOM focuses on osteopathic medicine, trains future primary care physicians and specialists who will treat the whole patient, emphasizes physician-patient relationships, prevention and wellness. OUHCOM regards the environment of the patient, their beliefs and values when diagnosing, treating, and providing care to patients (Ohio University, 2021).

OhioHealth Department	Fiscal Year 2020	Fiscal Year 2021
Obstetrics and Gynecology	10 medical students trained	19 medical students trained
Pediatrics	9 medical students trained	17 medical students trained
Hospitalist	2 medical students trained	9 medical students trained
Emergency Medicine	0 medical students trained	11 medical students trained
General Surgery	1 medical student trained	11 medical students trained

Addiction Medicine	0 medical students trained	1 medical student trained
Sports Medicine	0 medical students trained	1 medical students trained
Ears, Nose, and Throat (ENT)	0 medical students trained	7 medical students trained
<b>Total medical students served</b>	<b>45 medical students trained</b>	<b>172 medical students trained</b>

**P-2. Offer nursing student clinical rotations in O'Bleness inpatient and outpatient facilities****Impacts During Fiscal Year 2020 and FY 2021**

OhioHealth O'Bleness Hospital hosted nursing student rotations from Hocking College and Ohio University. Hocking College offers an associate degree program that is comprised of five semester programs, which consists of one pre-clinical semester and four combined theory and clinical semesters (Hocking College, 2021). The Ohio University School of Nursing offers online RN to BSN (Registered Nursing to Bachelor of Science in Nursing), online MSN (Master of Science in Nursing, online Doctoral of Nursing Program (DNP) program, and traditional Bachelor of Science in Nursing (BSN). Nursing programs are available at the Athens, Chillicothe, Eastern, Southern and Zanesville campuses of Ohio University.

OhioHealth Department	Nursing School	Fiscal Year 2020	Fiscal Year 2021
Medical/Surgical Department	Hocking College	23 nursing students	40 nursing students
Medical/Surgical Department	Ohio University	34 nursing students	104 nursing students
Obstetrics	Hocking College	8 nursing students	8 nursing students
Obstetrics	Ohio University	8 nursing students	48 nursing students
<b>Total number of nursing students served</b>		<b>73 nursing students</b>	<b>200 nursing students</b>

**P – 3. Offer physical therapy student clinical rotations in O'Bleness inpatient and outpatient facilities**

The Ohio University physical therapy program is ranked in the top 25% of physical therapy programs in the United States. The Ohio University physical therapy students score higher than national students in cardiopulmonary, integumentary, musculoskeletal, and neuromuscular systems and evaluation, diagnosis and prognosis, interventions and content. The Doctor of Physical Therapy program include the following offerings: (a) didactic and laboratory education, (b) clinical education, (c) part-time and full-time clinical experience, and (d) full-time practicum (Ohio University, 2021).

**Impacts During Fiscal Year 2020 and 2021**

OhioHealth Department	Physical Therapy School	Fiscal Year 2020	Fiscal Year 2021
O'Bleness Hospital and OhioHealth Rehabilitation Services Athens (Castrop Health Center)	Ohio University	26 physical therapy students	32 physical therapy students

**P – 4. Offer business, accounting, and health administration internships at O'Bleness Hospital.****Impacts During Fiscal Year 2020 and 2021**

Ohio University College of Business has Centers of Excellence programs: (a) The AECOM Center for Sports Administration, (b) the Ralph and Luci Schey Sales Centre, (c) The Robert D. Walter Center for Strategic Leadership, (d) Center for Consumer Research and Analytics, (e) Center for Entrepreneurship, and (f) Center for International Business. Ohio University's College of business is accredited by the Association to Advance Collegiate Schools of Business (Ohio University, 2020).

OhioHealth Department	Physical Therapy School	Fiscal Year 2020	Fiscal Year 2021
O'Bleness Hospital Marketing Department	Ohio University	2 students	Did not host students due to the COVID-19 pandemic.
O'Bleness Hospital Finance Department	Ohio University	1 student	Did not host students due to the COVID-19 pandemic.

**P – 5. Offer Project SEARCH program to provide on-the-job training to individuals with disabilities.****Impacts During Fiscal Year 2020 and FY 2021**

Project SEARCH was developed at the Cincinnati Children's Hospital Medical Center in 1996 with the intention of providing training to youth with developmental and intellectual disabilities so they would be eligible for competitive employment (Project SEARCH, 2018). Project SEARCH's core model fidelity includes the following:

- (a) The program leads to competitive, integrated employment.
- (b) The program serves young adults with developmental and intellectual disabilities who can benefit from personalized support during the one-year internship experience
- (c) Multi-sectoral partnerships include (i) education, (ii) vocational rehabilitation, (iii) community rehabilitation, (iv) agency that provides services for persons with developmental and intellectual disabilities, (v) advisor for family engagement, (vi) workforce development.
- (d) The program focuses on business aspects such as (but not limited to): (i) selection, (ii) training, (iii) mentorship, (iv) marketing of program, and (v) hiring of qualified candidates.
- (e) Project SEARCH participants acquire skills that are competitive.
- (f) The program has a strategic plan and commits to continuous improvement.

OhioHealth Department	Name of School	Fiscal Year 2020	Fiscal Year 2021
Environmental Services, Nutrition Services, Supply Chain, Facilities and Engineering, Physical Therapy	Tri-County Career Center	5 students	7 students

**P – 6. Provide sponsorship to the Athens Area Chamber of Commerce or Nelsonville Area Chamber of Commerce.****Impacts During Fiscal Year 2020 and FY 2021**

**P – 7. Serve as a board member for the Athens Area Chamber of Commerce.****Impacts During Fiscal Year 2020 and FY 2021**

The mission of the Athens Area Chamber of Commerce is “to strengthen our business community through collaboration, engagement, and strategic partnerships.” The Chamber helps grow industries and creates job opportunities in Athens County, which help combat poverty. The Athens Area Chamber of Commerce has supported a vibrant and growing business community that can support community members who are facing poverty or hardships (Athens Area Chamber of Commerce, 2021). OhioHealth O’Bleness Hospital’s representative to the Athens Area Chamber of Commerce Board, Tara Gilts, MPA, was significantly involved in strategic planning, Women’s Summit planning, and interviewing and hiring of the president. The Board also developed the strategic plan for the Chamber, with a focus for 2022-2024 on business impact, diversity & inclusion, and advocacy.

	<b>Fiscal Year 2020</b>	<b>Fiscal Year 2021</b>

*Need 3: Chronic Disease (CD)*

**CD – 1. Provide access to breast mammogram services through the OhioHealth O’Bleness Hospital Mobile Mammography program that serves Athens County, Ohio and Appalachian Ohio region (OhioHealth, 2015–2018a).**

**Impacts During Fiscal Year 2020 and FY 2021**

**CD – 1.1. Outcomes of O’Bleness Hospital’s Mobile and Hospital-Based Mammography Clinics** — The O’Bleness Hospital Mobile Mammography improves access to advanced mobile mammography services for women in Athens County and other southeast Ohio regions such as Monroe, Noble, Morgan, Perry, Hocking, Vinton, Washington, and Meigs Counties.

Mammograms can reveal nearly 90 percent of breast cancers as early as two years before a lump can be felt, giving you the best chance for successful treatment. Beginning at age 40, all women with average risk should have an annual mammogram. It generally takes 30 minutes or less. No prescription is needed for a screening mammography for women 40 and older.

	<b>Fiscal Year 2020 Persons Screened</b>	<b>Fiscal Year 2020 Persons Needing Diagnostic Screening</b>	<b>Fiscal Year 2021 Persons Screened</b>	<b>Fiscal Year 2021 Persons Needing Diagnostic Screening</b>
Mobile Mammography	716 persons	0	1,319 persons	340 persons
Hospital-Based Mammography	2,377 persons	484 persons	2,353 persons	161 persons
<b>Total</b>	<b>3,093 persons</b>	<b>484 persons</b>	<b>3,672 persons</b>	<b>501 persons</b>

**CD – 1.2. Summary of services of the OhioHealth O’Bleness Hospital Mobile Mammography Clinics —**

The OhioHealth O’Bleness Hospital Mobile Mammography Unit has partnered with Ohio University and various community organizations to provide mammography services in southeast Ohio. The table below summarizes the dates, locations of services, and number of women served.

<b>Location/Address of Mobile Mammography Service</b>	<b>Ohio County</b>	<b>Community Partners</b>	<b>Fiscal Year 2020 Date and Persons Served</b>	<b>Fiscal Year 2021 Date and Persons Served</b>

**CD – 2. Partner with the Athens City-County Health Department’s Creating Healthy Communities in providing patients from Athens and Hocking Counties with access to nutritious meals. Patients with diabetes or prediabetes will be prescribed nutritious meals delivered through the Meals on Wheels program. O’Bleness Hospital will utilize the community health workers from the Athens City-County Health Department to help patients adopt healthy behaviors, improve health literacy and overcome barriers to good health habits. (This action aligns with the Ohio 2017–2019 State Health Improvement Plan. See Table 5.)**

#### Impacts During Fiscal Year 2020 and FY 2021

**CD – 2.1. OhioHealth O’Bleness Collaboration with the Athens Creating Healthy Communities Coalition** — The Athens City County Health Department, on behalf of Athens County, Ohio implements the Creating Healthy Communities grant that is funded through the Ohio Department of Health. The Creating Healthy Communities aims to prevent chronic disease through improving the access to healthy foods and physical activity. The Creating Healthy Communities uses policy, system and environment changes to promote healthy choices as the “easy choices”. The mission of Creating Healthy Communities is to prevent and reduce the prevalence of chronic disease in Ohio. Creating Healthy Communities fosters multisector partnerships to improve access to affordable food, promote physical activity, thereby promoting a culture of health (Ohio Department of Health, 2020). The activities of the Athens Creating Healthy Communities Coalition are available in their Facebook page (Facebook, 2021).

In Athens County, Trimble Township has been identified as low-income and low-access census tracts where residents live more than 10 miles from the nearest grocery store. The COVID-19 pandemic has made food insecurity worse in Trimble Township.

Focus Area	Project Description	Location/Days/Times	Fiscal Year 2020	Fiscal Year 2021
Healthy Eating	<b>Veggie Van –</b> Collaborative project between Creating Healthy Communities and Community Food Initiatives, Appalachian Center for Economic Networks (ACEnet) and Rural Action’s Chesterhill Produce Auction. The Veggie Van services food-insecure areas in Athens County. The produce is offered in exchange for a voluntary donation (Brunot, 2021)	<b>Location – Trimble Township, Athens County, Ohio</b> Glouster Memorial Park  Day and Time: Every Friday from 3:30 to 5:30 PM	<ul style="list-style-type: none"> <li>• 382 persons</li> <li>• Cash sales of \$2,244</li> <li>• 3,866 pounds of food distributed (Ohio Department of Health, 2020)</li> </ul>	<ul style="list-style-type: none"> <li>• The Glouster, Nelsonville, and Coolville service areas benefitted 782 persons (Brunot, 2021)</li> </ul>
Healthy Eating	Veggie Van	<b>Location –</b> Nelsonville, Ohio; Stuart’s Lot (Off the Public Square)  <b>Day and Time –</b> Every Tuesday, 3:30 PM to 5:30 PM	Not applicable

**CD – 2.2. OhioHealth O'Bleness Hospital Alignment with the State Health Improvement Plan (SHIP) related to chronic disease (County Health Rankings, 2021) —**

Measure	Description	Year	Athens County	Ohio
Poor or fair health	Percent of adults reporting fair or poor health (age-adjusted)	2018	21%	18%
Poor physical health days	Average number of physically unhealthy days reported in past 30 days (age-adjusted)	2018	4.8 days	4.1 days
Frequent physical distress	Percentage of adults reporting 14 or more days of poor physical health per month (age-adjusted)	2018	15%	12%
Diabetes prevalence	Percentage of adults aged 20 and above with diagnosed diabetes.	2017	12%	12%
Adult smoking	Percentage of adults who are current smokers (age-adjusted)	2018	24%	21%
Adult obesity	Percentage of the adult population (age 20 and older) that reports a body mass index (BMI) greater than or equal to 30 kg/m <sup>2</sup>	2017	35%	34%
Food environment index	Index of factors that contribute to a healthy food environment, from 0 (worst) to 10 (best)	2015, 2018	6	6.8
Physical inactivity	Percentage of adults age 20 and over reporting no leisure-time physical activity	2017	23%	26%
Access to exercise opportunities	Percentage of population with adequate access to locations for physical activity	2010, 2019	83%	84%
Food insecurity	Percentage of population who lack adequate access to food	2018	18%	14%
Limited access to healthy foods	Percentage of population who are low-income and do not live close to a grocery store	2015	14%	7%
Primary care physicians	Ratio of population to primary care physicians	2018	1,370:1	1,300:1
Other primary care providers	Ratio of population to primary care providers other than physicians	2020	980:1	920:1
Mammography screening	Percentage of female Medicare enrollees ages 65-74 that received an annual mammography screening	2018	39%	43%

**CD – 3. Provide O’Bleness Hospital patients, families and employees access to fresh produce through the pop-up farm stand, which operates one day a week from May to October at the hospital facility. Unsold produce will be donated to the homeless shelter, Good Works’ Timothy House.**

#### Impacts During Fiscal Year 2020 and FY 2021

Project Description	Fiscal Year 2020 Persons Served	Fiscal Year 2020 Weight of Fruits and Vegetables Sold	Fiscal Year 2021 Persons Served	Fiscal Year 2021 Weight of Fruits and Vegetables Sold
O’Bleness Hospital’s WillowView Cafe Pop-Up Farm Stand	696 OhioHealth patients, families, and guests, and OhioHealth employees	2,000 pounds	192 OhioHealth patients, families, and guests, and OhioHealth employees	300 pounds
Buying Club through Rural Action	14 OhioHealth employees	No data available	Not applicable	Not applicable

**CD – 4. Provide access to high quality cardiac and pulmonary rehabilitation services in Athens County, Ohio through HeartWorks (OhioHealth, 2015–2018b). HeartWorks helps patients recover from a variety of health problems to enhance their quality of life by offering complete health and fitness programs that combine aerobic exercise with evaluation, education and counseling. Participants meet three days a week for 12 weeks.**

#### Impacts During FY 2020 and FY 2021

The top five accomplishments of the OhioHealth O’Bleness HeartWorks are as follows:

- (a) **Additional Class for Pulmonary and Cardiac Rehabilitation** — OhioHealth O’Bleness Hospital HeartWorks have added an additional class for its Pulmonary and Cardiac Rehabilitation Program. In Fiscal Year 2021, OhioHealth O’Bleness HeartWorks was able to offer a total of 24 slots, which is eight more slots than Fiscal Year 2020. The additional classes enabled more patients to avail of the pulmonary and cardiac rehabilitation programs.
- (b) **Maintained Patient Volume Despite COVID-19 Pandemic** — Despite the COVID-19 pandemic, OhioHealth O’Bleness HeartWorks was able to maintain the number of patients served through its pulmonary and cardiac rehabilitation programs.
- (c) **Initiation of Group-Led Resistance and Flexibility Training** — OhioHealth O’Bleness Hospital HeartWorks’ added a group led component to our resistance training and flexibility training routine. The patients used to do these exercises independently. The OhioHealth O’Bleness Hospital HeartWorks’ goal was to provide more guidance and instruction to ensure that exercises were being performed accurately and safely.
- (d) **Student Internships** — During Fiscal Year 2020, OhioHealth O’Bleness HeartWorks temporarily postponed student internships. In Fiscal Year 2021, seven graduate students specializing in Clinical Exercise Physiology from Ohio University completed internships.
- (e) **Development of Online Education Modules** — OhioHealth O’Bleness HeartWorks team created online education modules for its patient education materials that may be downloaded on demand. Initiative has increased access to education at home, which eliminated safety concern of gathering in the group education room during the COVID-19 pandemic. The education modules include: (i) “Anatomy and Physiology of Heart and Lungs”, (ii) “Risk Factors for Heart Disease”, (iii) “Co-Morbidities”, (iv) “Nutrition”, (v) “Stress Management”, (vi) “Breathing Techniques”, (vii) “Exercise for Health”, (viii) “Symptoms Management”.

The findings from clinical measures are described in the table below.

Measure	Description of Measure	Fiscal Year 2020	Fiscal Year 2021
Number of patients who attended HeartWorks	<ul style="list-style-type: none"> <li>Number of patients who attended and completed cardiac and pulmonary rehabilitation</li> </ul>	38 Cardiac Rehabilitation patients	<ul style="list-style-type: none"> <li>52 Cardiac Rehabilitation patients</li> <li>6 Pulmonary Rehabilitation patients</li> </ul>
Changes in six-minute walk distance	<ul style="list-style-type: none"> <li>Changes in distance walked in feet for six-minute walk test pre- and post-program</li> </ul>	<ul style="list-style-type: none"> <li>192 feet average distance increase</li> <li>16.5% improvement among cardiac rehabilitation patients)</li> </ul>	<ul style="list-style-type: none"> <li>116 feet average distance increase (Cardiac rehabilitation)</li> <li>229 feet average distance increase (Pulmonary rehabilitation)</li> </ul>
Increase in predicted functional capacity	<ul style="list-style-type: none"> <li>Predicted functional capacity based off of calculation from six-minute walk test results</li> </ul>	<ul style="list-style-type: none"> <li>0.95 ml/kg/min (10% average improvement)</li> </ul>	<ul style="list-style-type: none"> <li>No longer measured this value.</li> <li>Metabolic Equivalent of Task (MET) was used instead</li> </ul>
Changes in Metabolic Equivalent of Task (MET).	<ul style="list-style-type: none"> <li>Changes in METs predicted from six- minute walk test pre-and post-program</li> <li>The higher the METs, the higher the intensity level of activity and more calories burned</li> </ul>	<ul style="list-style-type: none"> <li>0.27 increase in MET</li> <li>10% improvement</li> </ul>	<ul style="list-style-type: none"> <li>Cardiac rehabilitation patients had a 0.175 MET average increase.</li> <li>Pulmonary rehabilitation patients had a 0.29 MET average increase.</li> </ul>
Weight loss	<ul style="list-style-type: none"> <li>Weight loss in pounds measured pre- and post-program</li> </ul>	<ul style="list-style-type: none"> <li>0.4% improvement among xxx rehabilitation patients</li> <li>Xxx% improvement among xxx rehabilitation patients</li> </ul>	<ul style="list-style-type: none"> <li>Cardiac rehabilitation patients had 1.26 lbs average weight loss.</li> <li>Pulmonary rehabilitation patients had 0.375 lbs average weight loss.</li> </ul>
Improvement in depression based on Patient Health Questionnaire-9	Point Score pre and post program- The higher the score the worse the depression, decrease in points equals less depression risk	Improved 1.3 points (60% improvement)	<ul style="list-style-type: none"> <li>Cardiac rehabilitation patients showed 1.6 points improvement in PHQ-9 scores. Depression scores decreased by an average of 1.6 points.</li> <li>Pulmonary rehabilitation patients showed 1 point improvement in PHQ-9 scores. Depression scores decreased by an average of 1 point.</li> </ul>
Changes in Rate your Plate Dietary Health Habit Score	Dietary score pre and post program- The higher the score, the better the eating habits are, an increase in score equates to better eating habits	2.7 point average increase (4.6% improvement)	<ul style="list-style-type: none"> <li>Cardiac rehabilitation patients showed 3.63 points improvement in their Dietary Health Habit Score.</li> <li>Pulmonary rehabilitation patients showed 2.6 points improvement in their Dietary Health Habit Score.</li> </ul>

**CD – 5. Offer SeniorBEAT (Be Educated and Active Together) to senior residents of Athens County to provide opportunities for mutual support, socialization, continued learning, exercise, healthy eating, empowerment and engagement.**

**Impacts During Fiscal Year 2020 and 2021**

**CD – 5.1. Summary of SeniorBEAT (new name UpBEAT) programs, events, and outreach —**

Program/Event/Outreach	Fiscal Year 2020 Sessions and Persons Served	Fiscal Year 2021 Sessions and Persons Served
<p><b>1. Food for Thought Program</b> – UpBEAT participants attend speakerships and talks on various health and wellness topics and general knowledge.</p> <p><b>(a) In-Person Activity</b> – From July 1, 2019 to March 19, 2020, the “Food for Thought Program” was held “in-person” on the third Thursday of every month at 2:00-3:00 PM.</p> <p><b>(b) Virtual Activity by Webex</b> – Due to the COVID-19 pandemic, all programs from March 20, 2020 to June 30, 2021 (last quarter of Fiscal Year 2020) and July 1, 2020 to June 30, 2021 (Fiscal Year 2021) were held virtually by Webex. The “Food for Thought Program” was offered on variable Thursdays throughout each month at 10:00-11:00 AM. The Programming alternated between the “History Group” and the “Food for Thought Program” with the goal of offering either one of the programs once per week during the pandemic.</p>	<ul style="list-style-type: none"> <li>• 20 sessions held</li> <li>• 215 UpBEAT members participated</li> </ul>	<ul style="list-style-type: none"> <li>• 40 sessions held</li> <li>• 449 UpBEAT members participated</li> </ul>
<p><b>2. History Group</b> – participants attend speakerships on various topics depicting history of areas in southeast Ohio.</p> <p><b>(a) In-Person Activity</b> – From July 1, 2019 to May 7, 2020, the “History Group” was held on the second Thursday of each month at 1:00-2:00 PM.</p> <p><b>(b) Virtual Activity by Webex</b> – Due to the COVID-19 pandemic, all programs from May 7, 2020 to June 30, 2021 (last two months of Fiscal Year 2020) and from July 1, 2020 to June 30, 2021 (Fiscal Year 2021) were held virtually by Webex. Starting in March 2020, OhioHealth O’Bleness Hospital began offering the History Group on variable Thursdays throughout each month at 10:00 AM to 11:00 AM. Programming alternated between the “History Group” and the “Food for Thought Program” with the goal of offering either one of these programs once per week during the pandemic.</p>	<ul style="list-style-type: none"> <li>• 13 sessions held</li> <li>• 152 members participated</li> </ul>	<ul style="list-style-type: none"> <li>• 11 sessions held</li> <li>• 118 members participated</li> </ul>

Program/Event/Outreach	Fiscal Year 2020 Sessions and Persons Served	Fiscal Year 2021 Sessions and Persons Served
<p><b>6. Discovery Kitchen</b> – held in partnership with Community Food Initiatives, a local non-profit organization, to help inspire confidence, help find tasty recipes to include fresh produce, and share some tips related to food preparation and cooking. Discovery Kitchen is a three series class, held once per month in September, October, and November 2019. The layout of the series is tailored to older adults. Foods utilized as main staple of recipes are fresh, local produce items that are in season at time of class. After the cooking demonstration and teaching was complete, participants joined together in family style meal setting and enjoyed samples of the foods prepared. Discussion was continued even after the meal was complete. Participants were allowed time to provide suggestions for the next class, share their thoughts on the foods prepared and share with one another any tips they have found to be beneficial when preparing foods at home.</p>	<ul style="list-style-type: none"> <li>• Total of 3 sessions were held</li> <li>• 16 members attended</li> </ul>	Not applicable
<p><b>7. Chair Volleyball</b> – UpBEAT members play three games of Chair Volleyball together, twice per week Held at Market on State. The Chair Volleyball was held every Tuesday and Thursday 8:15-9:15 AM, except during holidays and weather-related cancellations. The Chair Volleyball was postponed after March 10, 2020 due to the COVID-19 pandemic.</p>	<ul style="list-style-type: none"> <li>• 70 sessions were held</li> <li>• 685 members attended</li> </ul>	Not applicable
<p><b>8. UpBEAT Exercise Class</b> –The 1-hour exercise class incorporates cardio, balance, strength, and endurance physical activities that are led by trained volunteers.</p> <p><b>(a) In-Person Activity</b> – exercise classes were held up to four times per week at the OhioHealth O'Bleness Hospital, Athens Community Center, The Plains United Methodist Church, and OhioHealth Nelsonville Health Center. The in-person exercise classes were postponed from March to June 2020 (Fiscal Year 2020) and July 2020 (Fiscal Year (2021)).</p> <p><b>(b) Virtual Activity by Webex</b> – Held once a week (Monday or Tuesday) at 10 to 11 AM from August 2020 to June 2021 (Fiscal Year 2021). The virtual classes were led by Caitlin Bond, UpBEAT Program Coordinator in partnership with United Seniors of Athens County.</p>	<ul style="list-style-type: none"> <li>• 129 Sessions were held</li> <li>• 887 Members attended</li> </ul>	<ul style="list-style-type: none"> <li>• 37 sessions were held</li> <li>• 150 members attended</li> </ul>
<b>Total</b>	<ul style="list-style-type: none"> <li>• <b>262 Sessions held</b></li> <li>• <b>2,147 members participated</b></li> </ul>	<ul style="list-style-type: none"> <li>• <b>111 sessions held</b></li> <li>• <b>808 members participated</b></li> </ul>
