

# OhioHealth Financial Assistance Resource Guide for Home Health Patients

## Resources to Help Pay Your Healthcare Costs

Charity care and medical financial assistance is offered to patients with limited or no resources and inadequate medical insurance coverage. Eligibility is determined by family income. Patients are encouraged to apply for other financial assistance available to pay for healthcare charges (Medicaid, Medicare, private insurance).

### OhioHealth’s charity care policy includes:

- Substantial charity care guidelines that provide free care for individuals and families who earn less than 200 percent of the federal poverty level
- Sliding scale fees to provide substantially discounted care for individuals and families who are between 200 and 400 percent of the federal poverty level
- Hardship policy for those patients who would not otherwise qualify for charity care but have unique circumstances
